Two Killed, 200 Injured By Twisters

Homes, Buildings Leveled In South; $7 Million Damage

PANAMA CITY, Fla. (AP) — Roaring tornadoes shattered Sunday morning quiet in 10 Florida panhandle cities, leveling hundreds of homes and buildings and killing two persons. One twister hit an Alabama border county.

More than 200 were reported injured in Florida, most in a housing area at nearby Tyndall Air Force Base and at Fort Walton Beach 60 miles west of Panama City. Several were in critical condition. A watchman at a wrecked shopping center was reported missing.

Officials estimated damages at more than $7 million. Gov. Claude Kirk asked federal help for what he termed a disaster area.

Helmeted National Guardsmen toting rifles patroled the cities and highways to prevent looting, turned back sightseers and helped in the massive cleanup.

Kirk toured the Bayou Wood section of Fort Walton Beach Sunday hours after a twister spun off from a violent thunderstorm had smashed 50 homes at 3 a.m.

As the storm bounced over a lake and tore a five-mile long swath it left 220 homes wrecked.

Five hours later another funnel ripped into a row of duplex homes at the housing area for Air Force families, flattening 30 of them and damaging 24 others, leaving one dead, nine seriously hurt and about 400 persons homeless. That tornado touched down five more times before fizzling out.

Cloudy, Mild, Rain Included In Forecast

Cloudy and mild weather is due to continue in the area through Tuesday, with occasional rain.

There is a possibility of fog tonight, the weatherman said.

Temperatures Tuesday through Saturday will average near normal or slightly below, with highs in the 30s and low 40s and lows in the 20s and low 30s.

Council To Vote On New Gas Rate

Council will meet in special session tonight at 7 to consider an ordinance establishing the Ohio Valley Gas Co.'s rates in East Liverpool for the next four years and granting the company an increase that averages out to 12.3 per cent over the life of the contract.

The legislation awaiting action is the culmination of negotiations between company officials and Council's planning committee that started in July and did not draw to a close until early December.

—:—

COUNCILMAN Harold Maylone, chairman of the committee, said the firm originally sought an increase that would have averaged out to 17.7 per cent over the four years. The average East Liverpool gas consumer uses 15,000 cubic feet per month, so will pay an increase averaging $1.82 monthly, Maylone said. The company's original proposal would have cost the same consumer $2.69 a month, he added.

The new agreement provides for a gradual escalation of the rate over the four years. It retains the present $2.65 monthly minimum charge.

HERE IS the new rate for the first year: 30 cents per 100 cubic feet for the first 1,500 cubic feet; 8.1 cents per 100 for the next 298,000 cubic feet, and 7.1 cents per 100 for the next 300,000 cubic feet.

In the second year, the rates would be: 30 cents per 100 cubic feet for the first 1,500 cubic feet; 8.2 cents per 100 cubic feet for the next 298,000 cubic feet and 7.1 cents per 100 cubic feet for the next 300,000 cubic feet.

The third year's rates would be: 30 cents per 100 cubic feet for the first 2,000 cubic feet; 8.3 cents per 100 cubic feet for the next 298,000 cubic feet and 7.1 cents per 100 cubic feet for the next 300,000 cubic feet.

In the fourth year, the charges would be: 30 cents per 100 cubic feet for the first 2,000 cubic feet; 8.4 cents per 100 cubic feet for the next 298,000 cubic feet, and 7.1 cents per 100 cubic feet for the next 300,000 cubic feet.

As in the present agreement, the ordinance provides for a so - called "fuel cost clause" that says that the community's

Lynda And Capt. Robb Honeymoon In Caribbean

CHARLOTTE AMALIE, V.I. (AP) — President Johnson's daughter Lynda and his new son-in-law honeymooned today in the privacy of one of the Virgin Island's most exclusive resorts after the first White House wedding in 53 years.

Lynda and Marine Capt. Charles S. Robb spent their wedding night at the White House, then slipped aboard a commercial airliner Sunday afternoon and flew to San Juan, P.R. A private plane took them to St. Thomas, and then they had a 15-minute boat ride to St. John, three miles east of St. Thomas, where they are staying at the Caneel Bay Plantation.

A rumor persisted that the couple would go on to Hawaii, but there was no confirmation. Robb has leave from his military duties until Dec. 29.

Both Lynda and her mother have visited at the Caneel Bay home of millionaire Laurence S. Rockefeller, who has developed the northeast tip of the nine-mile-long island as an exclusive resort.

While the newlyweds relaxed in the Caribbean, Mrs. Johnson planned to fly to Texas today to join the President at their ranch. He flew down Saturday night after the wedding, saying he was "very tired."

Robb's family, from Milwaukee, held a big reunion Sunday at an inn near Winchester, Va., attended by his 83-year-old grandmother, Mrs. Harvey J. Sims, and 59 other relatives.

The White House bustled with workmen changing from wedding to Christmas decorations. They had plenty of red and white flowers, holly, mistletoe and other evergreens left from the wedding.

The traditional floor-to-ceiling Christmas tree was being installed in the Blue Room, where the bridal couple and their parents greeted guests with hugs, kisses and handshakes after the ceremony.

In the place of the wedding altar in the East Room, a creche with a Nativity scene was being installed.

But the wedding itself isn't likely to be forgotten soon.

Mrs. Lowell Conrad Found Dead In Car In County Shooting

LISBON — Lowell Nelson Conrad, 34, of 713 S. Mechanic St., Alliance, will be charged today in Columbiana County Northwest Court at Salem with the first - degree murder of his estranged wife, Chrystal Ann, 34.

Mrs. Conrad, mother of four children, was dead on arrival at Salem City Hospital about noon Sunday with a .22-caliber bullet in her head.

In a divorce action filed last June 8 in Stark County Common Pleas Court, Mrs. Conrad had charged her husband with gross neglect.

—:—

THE COUPLE separated about a month ago and Mrs. Conrad and the children, ages 7 to 11, went to live with her parents, Mr. and Mrs. Kenneth Zeller of Buck Rd., Beloit RD 2, Columbiana County.

Sheriff Russell J. Van Fossan said he learned that Conrad drove to the Zeller home about 10 a. m. Sunday and Mrs. Conrad went riding with him.

The sheriff said Conrad had been to see his wife once before — about three or four days after she moved in with her parents.

An hour or so after the couple left the Zeller residence about one mile west of the North Georgetown - Westville Rd., Conrad knocked at the door of

Three Killed As Fire Hits Fraternity

PHILADELPHIA (AP) — "It was like everything was soaked with gas . . . A wave of flame came across the ceiling and the whole place went up."

That was how collegian Lance Kollmer, 19, of Deerfield, Ill., described the way a fire turned decorations at a pre-Christmas college fraternity dance into an inferno, killing three persons Sunday.

Nine others at the Delta Tau Delta house party in the heart of the University of Pennsylvania campus were injured—mostly from jumping for their lives from second-story windows.

Five firemen also suffered minor injuries fighting the blaze which swept through the three-story brick and stone building.

Fraternity members said about 100 men and their dates were at the party earlier. Kollmer was among a score of partygoers staying until the last minute before girls' curfew at 2 a.m. He was in the room where the blaze broke out in a 14-foot snowman made of chicken wire stuffed with paper.

Other decorations at the party included "snow tunnel" made of sheets that blocked the front door. The walls of the living room, too, were covered with sheets, carrying out a snowtime motif traditional with the annual party that preceded exam week.

The victims—all of them trapped on the second floor when flames enveloped the only stairwell—were Joseph J. Growchowski, 19, a Penn sophomore, of Franklinville, N.J., Kent D. Smith, 20, also a sophomore, of Wilmington, Del., and Susan Sagendorph, 17, of Philadelphia, a guest of one of the fraternity members.

Viet Cong Troops Badly Mauled In Suicide Assault On U.S. Post

SAIGON (AP) — Viet Cong troops were badly mauled in a suicide assault Sunday on a fortified U.S. artillery post 50 miles north of Saigon while other guerrilla units made three sharp attacks on outposts within 25 miles of the capital.

The enemy death toll in major actions over the past week climbed past 1,200, according to U.S. and South Vietnamese calculations.

An estimated 400 Communists charged out of the predawn darkness toward bunkers in the American artillery post but were caught in a heavy crossfire of machine guns, grenade launchers, 40mm cannon and 105mm howitzers level for point-blank fire.

GIs found 124 enemy bodies on the battlefield and said many were only teen-agers. One American was killed and 31 wounded in the two-hour battle for the 120-man post.

Two of the attacks closer to Saigon were apparently diversions but in the third a wave of guerrillas broke the perimeter at a U.S. 9th Infantry Division camp at Nhut Tan before being thrown out in hand-to-hand fighting.

The U.S. Command reported that seven Americans were killed and 46 were wounded in the three skirmishes around Saigon, with almost all the casualties at Nhut Tan.

Renewed skirmishing also was reported along the central coastal plains, where 30 Viet Cong died in one action. But guerrilla fire brought down a U.S. Air Force Phantom jet, and the two crewmen parachuted into the middle of a firefight between the American ground troops and the Viet Cong. A helicopter pulled the airmen to safety.

It was the 216th U.S. combat plane reported downed by enemy action in South Vietnam.

In the ground assault on the U.S. artillery post one Viet Cong who got through the barbed wire and deadly crossfire jumped into a U.S. bunker was was strangled by an American sergeant. The Communists overran one bunker and destroyed an M60 tank. An American in the bunker played dead and escaped with an eye wound.

The artillerymen took two prisoners, one of them a major who commanded the Viet Cong assault battalion.

The U.S. troops also reported finding packets of heroin on some of the enemy bodies.

"The only logical conclusion is that they take this stuff before an attack," said James D. Oenbrink, an Army doctor from Palm Beach, Fla. "It makes them like a drunk person. They don't know what hit them and they don't care."

Maj. Gen. John Hay, commander of the 1st U.S. Infantry Division, told newsmen the attack—like those on nearby Loc Ninh and the Special Forces camp at Bu Dop—evidently was part of a campaign to shake U.S. control of Highway 13, a vital artery that parallels the Cambodian border. The 1st Division has been keeping it open for civilian traffic.

"When commerce is permitted to flow," Hay said, "it improves the economy of South Vietnam. It denies the Viet Cong taxes."

The heaviest Viet Cong loss reported during the week was the killing of 451 in a battle with South Vietnamese forces in the Mekong Delta Friday.

Offshore, the 7th Fleet cruiser Newport nosed through heavy weather Sunday and opened up with eight-inch guns on a segment of the main north-south highway near the North Vietnamese city of Vinh. Shells looped as far as 15 miles inland and set off a series of fires which could be seen from the ship.

Air action today was highlighted by a saturation bombing strike by B52s almost on top of the Cambodian border seven miles north of Loc Ninh. The raids, one mile from Cambodia, followed soon after a warning from Moscow charging the United States was planning attacks on Cambodia and Laos. The Soviet news agency Tass said any such actions "will be strongly rebuffed by peace-loving nations of the world."

Bombs from the B52 strike today must have rattled windows in the Cambodian district town of Snoul, six miles across the border.

Hanoi Given Breather In Bomb Raids

Monsoon Weather Also Enables Reds To Repair Damage

ABOARD THE RANGER (AP) — The northeast monsoon weather now sweeping North Vietnam has given Hanoi a breather from the heavy U.S. air attacks of the early fall and is enabling the Communists to repair damage or get supplies moving southward, Vice Adm. William F. Bringle said today.

"As soon as it breaks, even for a short period, we'll have to go in and restrike probably some of the areas we have already hit," the commander of the U.S. 7th Fleet told a news conference aboard this aircraft carrier in the Gulf of Tonkin.

Bringle said new A7 Sorsair II fighter-bombers recently delivered to the carriers off North Vietnam will enable the Navy to drop more bombs more efficiently on North Vietnamese targets.

The Corsair, which can carry twice the bomb load of the A4 Skyhawk bomber now used, will get its real test as soon as there is a break in the monsoons. The bad weather has kept Navy bombers away from the port city of Haiphong for more than a month.

There is only one squadron of 14 A7s striking North Vietnam now. But virtually all of its 100 missions since the Corsairs went into combat for the first time Dec. 4 have been against secondary targets in the central portion and southern panhandle of North Vietnam stretching from south of Hanoi to the demilitarized zone.

The real plums are targets in Haiphong and its environs, including four major railroad and highway bridges over which military supplies flow southward for Communist forces fighting in South Vietnam.

Midland Educator Reports Role

"I hope we, as delegates to Pennsylvania's Constitutional convention at Harrisburg, can wear well the mantle of our responsibility and walk with the dignity of the call," Midland School Supt. Charles P. Henderson said over the weekend after conclusion of the first week of deliberations during the history - making convention.

He stated, "It is important that we get a strong document," referring to possible revisions to be made in the keystone state's constitution.

—:—

THE PRIMARY purpose of the convention is to revise four key areas of the state's 93-year-old constitution — apportionment, taxation, finance and judicial.

Supt. Henderson expects to be appointed to the "Report to the People" and "Local Government" committees when the convention resumes today following a three-day halt while the Pennsylvania State Education Association meets in annual conference.

He said special hearings will be held in all areas of the constitution and already 163 lobbyists have registered.

Supt. Henderson plans to recommend today that officials of the Department of Public Instruction located next door to convention headquarters be on hand to document the proceedings so that school students at all levels may be informed of progress.

"These transcripts may be sent to the school districts while history is being made," he said.

He advised that all reference manuals, transcripts of speeches and other materials presented him as a delegate will be-

On Shaping Issues For Candidate

GOP Governors Eyeing Strong Convention Role

WASHINGTON (AP) — Republican governors, so far reluctant to put themselves behind any single presidential hopeful, are determined to make themselves a force in shaping the issues on which the GOP candidate will run.

Rhode Island Gov. John H. Chafee fixed that goal today as the party leadership conferred at a session of the Republican coordinating committee.

The governors' three-day conference in Palm Beach, Fla., turned out to be another gathering of the presidentially nonaligned. That left the state executives with national policy-making efforts as their current avenue to influence the 1968 campaign.

Their priority target now is a share of the leadership of the platform committee at the next national convention. The governors' candidate for that role is Pennsylvania Gov. Raymond P. Shafer.

Senate Republican Leader Everett M. Dirksen is in line to be the platform chairman. Chafee, the chairman of the Republican Governors Association, acknowledged there is little the governors can do beyond asking National Chairman Ray C. Bliss to give Shafer a share of the platform job.

"We'll just have to be quite forceful in saying how much we want Gov. Shafer," Chafee said. Twenty-six strong, "the governors represent a very substantial force in the Republican party," Chafee said.

They expressed discontent with what they considered congressional dominance of the party policy-making machinery.

Rusk Pushes For Accord On A-Treaty

Seeks To Overcome West German And Italian Opposition

BRUSSELS (AP) — Secretary of State Dean Rusk today took on the task of overcoming West German and Italian opposition to the proposed treaty to check the spread of nuclear weapons.

Rusk arrived Sunday night for the semiannual meeting of the North Atlantic Council, the policy body of the North Atlantic Treaty Organization. The NATO chiefs of staff were meeting today, and Rusk planned a round of talks with West European leaders.

The United States and the Soviet Union have agreed on a nuclear treaty except for the section on how to inspect peaceful nuclear industry to see that no uranium or plutonium is diverted to make weapons.

West Germany says inspection by the International Atomic Energy Agency (IAEA), which the Soviet Union insists on, would destroy the authority of a body laboriously built up by West European allies, the European Atomic Energy Community, better known as EURATOM, a branch of the Common Market.

The Italians agree. They are worried that nuclear industry will prefer to go to France, where there is no likelihood of IAEA inspection.

Council To Vote On New Gas Rate

Council will meet in special session tonight at 7 to consider an ordinance establishing the Ohio Valley Gas Co.'s rates in East Liverpool for the next four years and granting the company an increase that averages out to 12.3 per cent over the life of the contract.

The legislation awaiting action is the culmination of negotiations between company officials and Council's planning committee that started in July and did not draw to a close until early December.

—:—

COUNCILMAN Harold Maylone, chairman of the committee, said the firm originally sought an increase that would have averaged out to 17.7 per cent over the four years. The average East Liverpool gas consumer uses 15,000 cubic feet per month, so will pay an increase averaging $1.82 monthly, Maylone said. The company's original proposal would have cost the same consumer $2.69 a month, he added.

The new agreement provides for a gradual escalation of the rate over the four years. It retains the present $2.65 monthly minimum charge.

HERE IS the new rate for the first year: 30 cents per 100 cubic feet for the first 1,500 cubic feet; 8.1 cents per 100 for the next 298,000 cubic feet, and 7.1 cents per 100 for the next 300,000 cubic feet.

In the second year, the rates would be: 30 cents per 100 cubic feet for the first 1,500 cubic feet; 8.2 cents per 100 cubic feet for the next 298,000 cubic feet and 7.1 cents per 100 cubic feet for the next 300,000 cubic feet.

The third year's rates would be: 30 cents per 100 cubic feet for the first 2,000 cubic feet; 8.3 cents per 100 cubic feet for the next 298,000 cubic feet and 7.1 cents per 100 cubic feet for the next 300,000 cubic feet.

In the fourth year, the charges would be: 30 cents per 100 cubic feet for the first 2,000 cubic feet; 8.4 cents per 100 cubic feet for the next 298,000 cubic feet, and 7.1 cents per 100 cubic feet for the next 300,000 cubic feet.

The raids, one mile from Cambodia, followed soon after a warning from Moscow charging the United States was planning attacks on Cambodia and Laos. The Soviet news agency Tass said any such actions "will be strongly rebuffed by peace-loving nations of the world."

Bombs from the B52 strike today must have rattled windows in the Cambodian district town of Snoul, six miles across the border.

Hanoi Given Breather In Bomb Raids

Monsoon Weather Also Enables Reds To Repair Damage

ABOARD THE RANGER (AP) — The northeast monsoon weather now sweeping North Vietnam has given Hanoi a breather from the heavy U.S. air attacks of the early fall and is enabling the Communists to repair damage or get supplies moving southward, Vice Adm. William F. Bringle said today.

"As soon as it breaks, even for a short period, we'll have to go in and restrike probably some of the areas we have already hit," the commander of the U.S. 7th Fleet told a news conference aboard this aircraft carrier in the Gulf of Tonkin.

Bringle said new A7 Sorsair II fighter-bombers recently delivered to the carriers off North Vietnam will enable the Navy to drop more bombs more efficiently on North Vietnamese targets.

The Corsair, which can carry twice the bomb load of the A4 Skyhawk bomber now used, will get its real test as soon as there is a break in the monsoons. The bad weather has kept Navy bombers away from the port city of Haiphong for more than a month.

There is only one squadron of 14 A7s striking North Vietnam now. But virtually all of its 100 missions since the Corsairs went into combat for the first time Dec. 4 have been against secondary targets in the central portion and southern panhandle of North Vietnam stretching from south of Hanoi to the demilitarized zone.

The real plums are targets in Haiphong and its environs, including four major railroad and highway bridges over which military supplies flow southward for Communist forces fighting in South Vietnam.

Makes Soft Landing

BOCHUM, Germany (AP) — The Bochum satellite observatory announced today that the Soviet Cosmos 194 had made a soft-landing in the Soviet Union today. The launching of the unmanned satellite was announced Dec. 3.

Midland Educator Reports Role

"I hope we, as delegates to Pennsylvania's Constitutional convention at Harrisburg, can wear well the mantle of our responsibility and walk with the dignity of the call," Midland School Supt. Charles P. Henderson said over the weekend after conclusion of the first week of deliberations during the history - making convention.

He stated, "It is important that we get a strong document," referring to possible revisions to be made in the keystone state's constitution.

—:—

THE PRIMARY purpose of the convention is to revise four key areas of the state's 93-year-old constitution — apportionment, taxation, finance and judicial.

Supt. Henderson expects to be appointed to the "Report to the People" and "Local Government" committees when the convention resumes today following a three-day halt while the Pennsylvania State Education Association meets in annual conference.

He said special hearings will be held in all areas of the constitution and already 163 lobbyists have registered.

Supt. Henderson plans to recommend today that officials of the Department of Public Instruction located next door to convention headquarters be on hand to document the proceedings so that school students at all levels may be informed of progress.

"These transcripts may be sent to the school districts while history is being made," he said.

He advised that all reference manuals, transcripts of speeches and other materials presented him as a delegate will be-

On Shaping Issues For Candidate

GOP Governors Eyeing Strong Convention Role

WASHINGTON (AP) — Republican governors, so far reluctant to put themselves behind any single presidential hopeful, are determined to make themselves a force in shaping the issues on which the GOP candidate will run.

Rhode Island Gov. John H. Chafee fixed that goal today as the party leadership conferred at a session of the Republican coordinating committee.

The governors' three-day conference in Palm Beach, Fla., turned out to be another gathering of the presidentially nonaligned. That left the state executives with national policy-making efforts as their current avenue to influence the 1968 campaign.

Their priority target now is a share of the leadership of the platform committee at the next national convention. The governors' candidate for that role is Pennsylvania Gov. Raymond P. Shafer.

Senate Republican Leader Everett M. Dirksen is in line to be the platform chairman. Chafee, the chairman of the Republican Governors Association, acknowledged there is little the governors can do beyond asking National Chairman Ray C. Bliss to give Shafer a share of the platform job.

"We'll just have to be quite forceful in saying how much we want Gov. Shafer," Chafee said. Twenty-six strong, "the governors represent a very substantial force in the Republican party," Chafee said.

They expressed discontent with what they considered congressional dominance of the party policy-making machinery.

Rusk Pushes For Accord On A-Treaty

Seeks To Overcome West German And Italian Opposition

BRUSSELS (AP) — Secretary of State Dean Rusk today took on the task of overcoming West German and Italian opposition to the proposed treaty to check the spread of nuclear weapons.

Rusk arrived Sunday night for the semiannual meeting of the North Atlantic Council, the policy body of the North Atlantic Treaty Organization. The NATO chiefs of staff were meeting today, and Rusk planned a round of talks with West European leaders.

The United States and the Soviet Union have agreed on a nuclear treaty except for the section on how to inspect peaceful nuclear industry to see that no uranium or plutonium is diverted to make weapons.

West Germany says inspection by the International Atomic Energy Agency (IAEA), which the Soviet Union insists on, would destroy the authority of a body laboriously built up by West European allies, the European Atomic Energy Community, better known as EURATOM, a branch of the Common Market.

The Italians agree. They are worried that nuclear industry will prefer to go to France, where there is no likelihood of IAEA inspection.

65 Reported Killed

BOMBAY (AP) — A severe earthquake shook a large stretch of western India before dawn today, and the Maharashtra state government said 65 persons were killed in the Koyna area 200 miles south of Bombay.

Price Of Kiss Going Up

LONDON (AP) — The price of a Christmas kiss is going up in Britain.

Devaluation of the pound has increased the price of imported French mistletoe 6 cents a bunch, a London wholesaler said today.

2 Boys Jump Into River In Escape Bid

Two 14 - year - old area boys, who jumped into the Ohio River at Wellsville attempting to elude capture, were being held at Lisbon today awaiting a hearing before juvenile authorities on a charge of auto theft.

The two, one from Chester and the other from East Liverpool, were taken into custody Sunday shortly after stealing a 1963 four - door hardtop auto owned by Wellsville School Supt. Donald A. Lowe of Parshall Rd., Wellsville, from the parking lot of St. Stephen's Episcopal Church in East Liverpool.

Lowe reported the theft to local police. In the meantime, the youths drove the car to Wellsville and stopped at the Thrasher Service Station to purchase gasoline. Bob Campbell, service station attendant, recognized the car.

The youths jumped into the stolen auto and sped off. Campbell took off after them after yelling instructions to others at the station to notify Wellsville police.

Officers said Campbell caught up with the two on 15th St., where he managed to force them to halt. The two then ran.

Patrolman Charles Amato arrived and started the search. He cornered the two boys near the Georgetti River - Rail Terminal, but in a further effort to escape, they jumped into the water.

The boys then returned to shore and were taken into custody.

Minister Leaves Palestine Post; Trust Fund Set

EAST PALESTINE — W. Cain Smith, pastor of the First Church of Christ, has announced his resignation as pastor of the church effective Jan. 1 to go to Hoffman Estates near Chicago, Ill.

Mr. Smith came here from Carnegie, Pa., 2½ years ago.

George Reese of Scio, one of the first members of the church, Sunday established a $10,000 trust fund in memory of his wife, Zora, who died in September 1966.

Interest from the fund may be used by the church at the descretion of the executives. Mr. Reese, an official of the Scio Pottery, was one of the first members of the church and has maintained an active interest.

He went to Scio 23 years ago to work with his brother, Louis Reese, founder of the pottery.

The gift was accepted by Virgil Hall, an elder, on behalf of the church.

Campers' Group Names Officers

Walter Smith was elected wagonmaster of the Tri - State Campers Association Thursday night at the Ohio Valley Gas Co. office in Glenmoor.

Others named were Earl Hartford, trail blazer; Mrs. Ethel Thorne, logger, and Mrs. Norma Ketchum, scout.

The meeting opened with prayer and the pledge of allegiance. Hartford, outgoing wagonmaster, presided. Leroy Wise arranged for the Santa Claus, who distributed the exchange gifts placed under a miniature tree.

A portion of the refreshments were provided by Mrs. Zella Wise and Mrs. Thorne. A floral centerpiece, red candles and a punch bowl, decorated in keeping with the season, were used on the table by Mrs. Lida Mae Smith and Mrs. Thorn.

Officers will be installed at the next meeting Jan. 4 at 7:30 p.m. in the gas company office. Mrs. Rhea Beaver and Mrs. Alma McElroy will be the refreshment committee. Hartford will have charge of the entertainment.

Officers Named For New Local

Robert Blatchford was elected president of newly - organized Local 356 of the IBOP, representing employes of Airco at Arroyo, during a meeting Saturday.

Other officers include: Gilbert Hoy, vice president; Robert Tatgenhorst, recording secretary; Willard Rutter, financial secretary and treasurer; Warren R. Williams, trustee, and Dean Spencer, guard.

The local union soon will begin contract negotiations with the company. The committee representing the local will be comprised of Blatchford, Tatgenhorst and Rutter.

The union said the employes were organized in a campaign directed by George Barbaree, Lester Null, Robert Lord and Harold Hackett of the international union headquartered here.

Car Damaged In 'Hit-Skip'

An East End man's auto was damaged in a hit - skip crash early Sunday morning on a curve on the Lisbon St. Hill.

Byron E. Surgeon, 27, of 1753 Pennsylvania Ave. told police he was driving south about 20 miles an hour when an upbound auto sideswiped the left rear of his 1966 model convertible. The crash occurred at 12:13 about 750 feet upgrade from W. 9th St., he reported. Surgeon gave police a description of the other car.

A collision Saturday at 10:18 p.m. on W. 6th St. at Dresden Ave. involved a 1966 sedan driven by James M. Williamson, 22, of 1070 Oak St. and a 1961 sedan operated by David Dozler, 16, of Carroll Rd. RD 3, officers said. Both cars were eastbound. The mishap damaged the left rear door of Dozler's car.

Patrolman James W. Woods, who investigated, said Dozler pulled in front of Williamson's car while moving from the right-hand lane to the left lane.

Two cars were damaged slightly in a Beechwood mishap Saturday at 10:29 p. m.

T. L. Hamblet, 59, of 170 Haywood St. told officers he was backing his 1963 four - door from the driveway at his home when it bumped the right front of a 1965 auto parked on the street, owned by Clifford A. Plummer of 1620 Allison St.

There was damage to the bumper of Hamblet's car and the right front fender of Plummer's auto, police said.

Court Banishes Man On Intoxication Case

A man identified as William L. Fisher of Buford, Ga., was ordered to leave East Liverpool by sundown as one of the conditions to suspension of a fine of $25 and costs imposed today by Municipal Judge Samuel M. Chertoff when he pleaded guilty to an intoxication charge.

Fisher, who identified himself as a native of East Liverpool, was arrested Saturday at 9:40 p.m. on E. 3rd St. by Patrolman James Woods.

Because the complaining witness was not present to testify, the court dismissed a second affidavit charging Fisher with "disturbing the peace by loud yelling and knocking on the door of an apartment. . . ."

BPW Will Play 'Santa' To Children Of Clinic

Approximately 100 children from the tri - state area will be entertained by the East Liverpool Business and Professional Women's Club at its 21st annual Christmas party next Sunday from 1:30 to 3:30 p. m.

The party will be in the Salvation Army building at E. 4th and Walnut Sts.

Mrs. George McCullough, chairman of the club's Child Health Clinic Board, said invitations have been extended to all youngsters who have received medical aid through the clinic during this past year.

A visit from Santa Claus will highlight the program, which will also include games, music, the singing of carols and refreshments. Members of the BPW will serve as hostesses.

Each child will receive a gift and a stocking filled with candy, fruit, nuts and other items from the BPW member contributions.

Mrs. McCullough pointed out that while the children's Christmas party and gifts are "financed by the club members' contributions, we are grateful to the many merchants and suppliers who permit us quantity discounts."

The BPW established the Child Health Clinic in 1947 to provide free medical care to children under 6 whose parents are financially unable to provide proper care.

During the clinic's operation, the club estimates that some 2,800 area children have received medical aid in the amount of over $50,000. Until 1963, the clinic was financed by the club through fund - raising projects.

Now, however, it is a member of the United Fund campaign and receives its major support from that source. Dr. Alex S. Fisher, local pediatrician, has been medical director of the clinic since it was started in 1947.

Social Security Tax Bite

A whopping boost in Social Security taxes and benefits seems assured.

The widespread misconception of how Social Security works tends to obscure its regressive tax and anti-inflationary characteristics.

To some, mention of Social Security conjures up the vision of an insurance program with payroll deductions paid into a government fund and checks written on that fund to eligible recipients monthly.

The truth is Social Security tax funds are spent just like any other government revenue source. They are not placed in a "savings account" so they will be available when a worker retires and applies for his pension.

In exchange for use of the funds, the government gives the Social Security people a type of "I.O.U." that guarantees the right amount of money will be available for monthly checks in the future.

The savings account theory so many Americans have about Social Security insulates it against criticism.

Social Security taxation, levied on a wage base, is thoroughly regressive in that the largest proportionate increases are piled on the lowest income groups — those who can least afford it.

Only recently has the idea caught on to broaden the wage base to get more money from those in higher earning categories. Even so, the program has not widened the base enough to get out of the regressive class.

It is easy to see that taking buying power away from those consumers who spend nearly all their income for necessities, makes Social Security taxes anti-inflationary.

Any move that reduces purchasing power is anti-inflationary.

The Social Security tax about to be approved by Congress is the largest in the history of the program. That means it is a potent weapon against growing inflation.

Proponents of the proposed income tax surcharge should keep this fact in mind as they push for still another tax bite to fight inflation.

A taxpayer would be justified in saying: "No thanks I already gave to Social Security."

Geographic Confusion

No matter what name is chosen for a new baby, a new town, a new dog or a new power plant, not everyone will be satisfied.

And it is not really in the public domain to care much what the Duquesne Light Co. titles the 800,000 kilowatt nuclear power plant it will build at Shippingport — so long as the utility doesn't call it the Adolf Hitler Generating Station or the Benedict Arnold A-Plant.

But the selected name of Beaver Valley Power Station seems rather inappropriate since the site is not in the Beaver Valley, not near the Beaver Valley in terms of Beaver County orientation, and will not utilize the Beaver River in its watering processes.

The present Shippingport atomic power plant is one of the famed names in nuclear energy history, and is properly a part of the Ohio River Valley and Beaver County's South Side. It may be that Duquesne officials did not want to have any confusion about the original facility and the new plant at their common location.

However, the name chosen may cause even more confusion geographically, and may possibly stir some resentment locally from Shippingport and Greene Township residents who would rather remain in the Ohio Valley — figuratively speaking.

How about Pegg's Run Power Plant, Shippingport No. 2, Cook's Ferry or Indian Point?

There is no lack of suggested names more suitable than the one decided upon.

Backsliding On Foreign Aid

The Senate is trying hard to sidetrack House attempts to control federal spending.

By a vote of 56-22, Senators approved a foreign aid appropriation restoring most of the cuts passed by the House a few weeks ago. The Senate authorized spending of $2.73 billion for the fiscal year ending next June 30.

It now is up to a joint Senate-House committee to come up with a compromise.

It seems clear to us that urgent need for financial reform and the general revision called for by present slipshod operation of foreign aid programs are sufficient reasons for a more frugal government policy.

It's a sure bet the American taxpayer is going to be handed a tax increase in the near future to keep the government from drowning in a sea of red ink.

A tax increase means an income decrease for each taxpayer. Is it too much for him to ask a corresponding cut in handouts to other nations?

Needy nations willing to share our abundance should be just as willing to share the belt-tightening when it comes along.

The costly Vietnam War, increased domestic spending and government's long-running love affair with deficit financing have the nation's financial back to the wall.

The grave circumstances of U.S. money matters may be lost on some of our senators, but the need for reform in our far-flung, overstaffed and under-producing foreign assistance programs cannot go undetected.

Never has there been a more opportune time to shake up and shape up our foreign aid agencies.

If the Senate has its way, opportunity will still be knocking on the door after the house stands in ruins.

Some way, the House must prevail in its idea that continued approval of requested appropriations is taken by agencies as a license to maintain bad habits.

Purely Personal Observations

Ohio autoists can breathe easier after Dec. 14, when a new law goes into effect grounding scofflaws who disregard license suspensions. If caught, they lose the registration tags for their cars, which thereafter can be driven only with special tags signifying that the owner is a scofflaw.

The Dayton Journal in 1842 carried the news of a schoolmaster's being barred from his classroom by revolting students who wanted a holiday on Dec. 25 because it was Christmas. Sentimentalists who moon about an "old-fashioned Christmas" do not realize that there was no celebration of Christmas in this country until late in the 19th century.

In an era when almost all women have learned how to take care of their hair it continues to be a mystery to me why so many women seem not to have learned what all other women seem to know. It's as though they deliberately refused to take advantage of knowledge in the public domain.

We are in danger of mistaking the symptom for the disease when we criticize pickets and rioters, instead of trying to understand what they are picketing and rioting about. This is like punishing the bearer of bad news, instead of digesting the bad news.

I have a standard explanation for outlandish acts and statements by people of advanced age: They are too old to care. I think this explains what Lewis B. Hershey, the draft director, has been saying about some of the fuzzy kooks who have been agitating against the draft.

Everybody is impressed with the size of good looks of all-America football players. But what impresses me more deeply is the way no one thinks of football players as being over-muscled nitwits any more. Most of these youngsters are bona fide students who will end up with earned degrees in something tougher than physical education.

If Santa Claus brings me beads this year I will take steps immediately to get the other appropriate costuming and appear early in January as the first hippie on my street. But no acid and no pot, thanks. Just an occasional aspirin to help me forget the old sinus.

Threat To Private Pensions

Sometime between the writing of this piece and adjournment of Congress, amendments to the Social Security system will come out of a House-Senate conference committee, be passed by both houses and signed by the President.

Under the law, benefits now paid to 20-odd million people will rise sharply and progressively over a period of years. The annual tax return from employers and younger employes will also rise over the years from the aggregate of about $25.7 billion paid in 1967.

But while the old folks will rejoice over this news, there is bound to be rising concern among several times as many people who will be paying for their elders' security and, ultimately, their own. There will also be rising concern among employes who have to find matching money.

Under the present law, the maximum Social Security bite from each worker's pay is $290 annually. Under the new law, at the beginning it will be somwehere between $334 (House Bill) and $342 (Senate bill). By 1987 it will rise to between $448 and $626. Employers will match these sums.

If the past is any guide to the future, there will be upward revisions every two years.

I AM NOT concerned here with the general question of the rights and wrongs of the Social Security system.

I wish to raise a question that has had too little attention in the past, except among responsible employers—the danger to all private pension plans in the rising costs of Social Security. This is especially true of those plans adopted largely as the result of collective bargaining with unions since World War II.

This was the subject of an address recently by Robert C. Tyson, chairman of the finance committee of U.S. Steel Corp. and also, during the last three years, of the Tax Foundation.

His warning was that because of the large bite out of earnings taken by the government in Social Security taxes there will be less available for benefits and savings paid by workers and-or companies, such as life and medicl insurance, sickness and unemployment benefits, as well as pensions and annuities.

Tyson devoted his major attention to company-managed pension plans. These plans are endangered not only by the increasing burden of Social Security taxes, but by continuous efforts by government to investigate and regulate such plans.

Cost of employe benefits in the iron and steel industry rose from 4 cents per hour of a worker's time in 1940 to 62 cents per hour in 1966. Because of changes in 1967, this has risen to 66 cents today.

These benefits include the employer's part of Social Security, supplemental unemployment benefits, savings and vacation plan benefits, medical and health insurance and pension costs.

Total employment cost per worker per hour has risen from 90½ cents in 1940 to $1.75 in 1949 to an estimated $4.82 in 1967.

PRESUMABLY, pension plans originate in collective bargaining because as long ago as 1949 it was evident that retired workers would not get enough under Social Security. Thus, there was need for supplemental pensions from the companies.

Such private pensions have covered more people, until the number now is about 30 million. Assets in the reserves behind these plans are in the aggregate more than $100 billion.

Many advantages in private pension plans are not present in Social Security, although Tyson and probably all members of management in companies that have them assume not only the permanence but also the desirability of continuing the government's plan. Their argument is that in such a dual security system the private part should not be jeopardized by the government.

EDITOR OF THE REVIEW:

The Hippies are right in one thing — this generation has produced them just as they are.

Surfeited from the cradle with expensive toys, "pot rods," every whim catered to, bombarded with violence and glorified sex on TV and in magazines and advertising; fathers and mothers living immorally while keeping up a pretense of respectability; forbidding drink, yet keeping a well - stocked bar in the home, and the casual visitor is barely in the house until he is asked, "Will you have a drink?"

When some men have attained high positions as representatives of the people and in many cases are convicted of using those positions for graft and corruption; when a father and his friends brag of "putting one over" taxwise or in a business deal, yet cloaks it in seeming respectability which fools no one; when a profitable mistake is not rectified but bragged about; when finders are keepers; where God is not thanked for daily blessings, or included in the budget, and His name is only known as a by-word in cursing don't think today's teen - agers have not evaluated actions against words.

Sick of pretense, graft, corruption, lack of discipline and having already seen or tasted all the pleasures of the world, rebellion is being expressed by minds not trained to codes of behaviour and ethics.

They have been denied teaching from the one book that has the answer to all of life's problems — the Bible.

They have heard of all the bizarre cults of the ages, instead. Now these beckon their restless unsatisfied minds.

The blare of jazz from the cradle days, on hi-fi, radios, transistors at home, while studying and driving on the highways drown out any meditation thoughts on what they are and where they are going. Keyed up by bizarre rhythms and beats it called for more and more excitement of the senses, so the Hippies were born.

True to form, the average citizen views them as players on a stage, and complacently goes about his business, or in the usual grumbling about taxes. Whose taxes will be required to pay for the upkeep of the Hippies, when in later years their twisted mentalities from drug - damaged brains requires them to be institutionalized as parasites on society the rest of their lives?

The "squares" of today will be the leaders of tomorrow. Though we do not admire long stringy hair hiding a girl's lovely face and eyes, or young men wearing their hair thick and bushy, if it is kept at a masculine length and cleanliness is observed as long as they are ambitious and God-fearing, the style will some day be outmoded.

The recent truck strike was a glaring example of adults defying law and order; turning from a respected friend and neighbor into a snarling trigger-happy monster with no respect for law or order, and endangering lives of innocent people. Such an example spawns teenage vandalism. If our country is to be ruled by force and fear and everyone doing that which is right in his own sight, we most certainly will be overcome by our enemies and when we lose freedom, we lose all.

I wish to express my appreciation to Joseph W. Cooper for all the help he gave me over the years as city solicitor. Despite criticism that has been leveled against him from time to time, I know that he has saved the city thousands and thousands of dollars through his legal counsel and advice and his able representation of the city in the courts. I know that he spent many a sleepless night worrying about city affairs.

It was a pleasure to work with Mr. Cooper in my capacity as a city councilman. I wish him nothing but the best on his retirement from what must have been an arduous 16 years in the public service. Although he and I are of opposite political faiths, I feel that every citizen of East Liverpool owes Mr. Cooper a debt of gratitude for the competent, efficient and courteous way in which he conducted the duties of his office.

The Final Snip

By Joseph R. Coyne

The Gold Cover Problem

WASHINGTON

It's only a matter of time before the federal government must cut the last remaining domestic link between gold and the dollar. The final snip could come next year.

Most Americans, however, will hardly notice the change. Business will go on as usual. Dollar bills will still be dollar bills to be spent for groceries, drugs, gasoline and thousands of other everyday items.

Internationally, the cut will free more than $10 billion in gold to defend the dollar abroad.

Worse consequences would confront consumers if nothing were done and the U.S. gold pile continued to shrink. Higher interest rates plus weakened confidence in the dollar abroad are two potential results.

Examine a dollar bill closely and you'll see the worlds "Federal Reserve Note" above George Washington's portrait.

This type of bill is the only kind now placed in circulation and each dollar must be backed under law by 25 cents in gold—the 25 per cent gold cover.

WHEN THE United States had plenty of gold this gold cover was well in excess of the 25 per cent ratio. It's still beyond it but not by much.

Last week's switch of $475 million in gold to a special fund to cover, in part, the U. S. share of gold sold on the London market following devaluation of the British pound put more pressure on the gold cover.

The $475 million was taken from supplies available to back paper money.

Before the switch, the available gold stock equalled 29.9 per cent of all federal reserve notes in circulation — more than $40 billion. After the switch the ratio was 28.5 per cent.

The supply of gold available for backing paper money is now $12.4 billion, lowest in 30 years, and more than $10 billion of this is already being used.

Chairman William McChesney Martin Jr. of the Federal Reserve Board has repeatedly called for quick removal of the gold cover to end any remaining doubts and uncertainty about U.S. policy.

One reason for the substantial drop in the gold pile since 1949 is that Americans spent more money overseas than foreigners spent here. This net drain is continuing. Dollars obtained by other governments in this way can be cashed in for gold at $35 an ounce.

DOMESTIC USE of the metal for such things as wedding rings and filling teeth eats into another $150 million while normal growth of paper money absorbs another $500 million yearly.

The Treasury Department, which must make the final decision, agrees the gold cover must eventually be removed but sees no immediate emergency. Officials have indicated, however, that Congress will be asked next year to remove it.

The Federal Reserve has the power to suspend the cover temporarily, but at a cost which can be passed on to consumers.

If the ratio drops below 25 per cent, the Federal Reserve must pay a tax to the Treasury which can go as high as 1.5 per cent of the deficiency.

This would be passed on by increasing the discount rate — the interest commercial banks are charged when they borrow money from the Federal Reserve. This tends to boost interest rates all along the line including those on consumer goods.

The gold cover on currency was dropped in 1945 from 40 per cent to 25 per cent. It was eliminated on bank reserves in 1965.

I wish to express my appreciation to Joseph W. Cooper for all the help he gave me over the years as city solicitor. Despite criticism that has been leveled against him from time to time, I know that he has saved the city thousands and thousands of dollars through his legal counsel and advice and his able representation of the city in the courts. I know that he spent many a sleepless night worrying about city affairs.

It was a pleasure to work with Mr. Cooper in my capacity as a city councilman. I wish him nothing but the best on his retirement from what must have been an arduous 16 years in the public service. Although he and I are of opposite political faiths, I feel that every citizen of East Liverpool owes Mr. Cooper a debt of gratitude for the competent, efficient and courteous way in which he conducted the duties of his office.

The Final Snip

By Joseph R. Coyne

The Gold Cover Problem

WASHINGTON

It's only a matter of time before the federal government must cut the last remaining domestic link between gold and the dollar. The final snip could come next year.

Most Americans, however, will hardly notice the change. Business will go on as usual. Dollar bills will still be dollar bills to be spent for groceries, drugs, gasoline and thousands of other everyday items.

Internationally, the cut will free more than $10 billion in gold to defend the dollar abroad.

Worse consequences would confront consumers if nothing were done and the U.S. gold pile continued to shrink. Higher interest rates plus weakened confidence in the dollar abroad are two potential results.

Examine a dollar bill closely and you'll see the worlds "Federal Reserve Note" above George Washington's portrait.

This type of bill is the only kind now placed in circulation and each dollar must be backed under law by 25 cents in gold—the 25 per cent gold cover.

WHEN THE United States had plenty of gold this gold cover was well in excess of the 25 per cent ratio. It's still beyond it but not by much.

Last week's switch of $475 million in gold to a special fund to cover, in part, the U. S. share of gold sold on the London market following devaluation of the British pound put more pressure on the gold cover.

The $475 million was taken from supplies available to back paper money.

Before the switch, the available gold stock equalled 29.9 per cent of all federal reserve notes in circulation — more than $40 billion. After the switch the ratio was 28.5 per cent.

The supply of gold available for backing paper money is now $12.4 billion, lowest in 30 years, and more than $10 billion of this is already being used.

Chairman William McChesney Martin Jr. of the Federal Reserve Board has repeatedly called for quick removal of the gold cover to end any remaining doubts and uncertainty about U.S. policy.

One reason for the substantial drop in the gold pile since 1949 is that Americans spent more money overseas than foreigners spent here. This net drain is continuing. Dollars obtained by other governments in this way can be cashed in for gold at $35 an ounce.

DOMESTIC USE of the metal for such things as wedding rings and filling teeth eats into another $150 million while normal growth of paper money absorbs another $500 million yearly.

The Treasury Department, which must make the final decision, agrees the gold cover must eventually be removed but sees no immediate emergency. Officials have indicated, however, that Congress will be asked next year to remove it.

The Federal Reserve has the power to suspend the cover temporarily, but at a cost which can be passed on to consumers.

If the ratio drops below 25 per cent, the Federal Reserve must pay a tax to the Treasury which can go as high as 1.5 per cent of the deficiency.

This would be passed on by increasing the discount rate — the interest commercial banks are charged when they borrow money from the Federal Reserve. This tends to boost interest rates all along the line including those on consumer goods.

The gold cover on currency was dropped in 1945 from 40 per cent to 25 per cent. It was eliminated on bank reserves in 1965.

Both Fined $250

2 Drivers Jailed In Auto Mishaps

Two men charged with driving while intoxicated as the aftermath of East Liverpool traffic mishaps were fined $250 and costs each and sentenced to jail terms today by Municipal Judge Samuel M. Chertoff.

Wilbert J. Hardman of 904 Kent St., whose auto allegedly hit a parked car Saturday night on Pennsylvania Ave. at Virginia Ave. and shoved it into a house, was given a five - day jail term and a six - month suspension of his operator's permit in addition to the fine.

—:—

HARDMAN was cited by Patrolman Charles Coen after the collision at 7:30 p.m. that damaged a parked 1954 sedan owned by Leozie Pearson Jr. of 1417 Center St., Wellsville, and the home of Henry Roach at 1047 Pennsylvania Ave.

Police said Hardman's westbound 1959 sedan hit Pearson's auto and shoved it 34 feet into the Roach house, tearing off the downspout of the home and damaging two boards. Hardman's car continued 56 feet before halting, officers said.

His wife, Mrs. Edavonne Hardman, suffered deep cuts of both knees and also complained of pains in the stomach and chest, but declined an offer of medical treatment, officers said.

Robert E. Wolfe of the Old Fredericktown Rd. was penalized on a drunken driving charge filed as an aftermath of a crash Thursday night on St. Clair Ave. in which his southbound auto allegedly hit a northbound car, injuring three persons, and knocking it into a parked auto.

In addition to the $250 fine, Judge Chertoff sentenced Wolfe to 10 days in County Jail and suspended his operator's permit for a year. He also was fined $50 and costs on a charge of illegal auto registration.

The court granted a continuance until Jan. 8 in a hearing for James K. Kolar of 1106 Beaver Ave., Midland, who was cited on a charge of failure to yield half the roadway to oncoming traffic. Kolar was cited after a collision Tuesday on the River Rd. between his truck and an auto in which Otto Jenkins of W. 2nd St. was injured fatally. Kolar was represented by Paul Tobin. His bond of $32.50 was continued.

—:—

NINETEEN others cited by local police and the Ohio Highway Patrol paid $237.50 in fines and $200 in forfeited bonds in today's session.

Forfeiting bonds of $27.50 each on speeding charges were: Jack F. Menough of 801 W. 9th St., Emmanuel A. Volino Jr. of Cleveland, Ronald L. Phelps of Croton, Ohio, Dr. Russell M. Arnold of Avon Lake, Thomas J. Gabriel of Youngstown and Melvin D. Comp of Norwalk,, Calif.

Carl A. Ross of Baldwinsville, N. Y., forfeited $17.50 on a charge of crashing a stop sign on Route 30. Marvin E. Platter of Follansbee forfeited a $17.50 bond on a speeding charge.

Gary W. Steepleton of 809 Wood St., Wellsville, was fined $20 and costs and given a 20-day suspension of his operator's permit on a charge of speeding 75 miles an hour in a 50-mile zone. He was cited by the patrol Sunday on Route 7.

Fined $15 and costs on speeding charges were: Charles G. Morgan of Irondale, John D. Davis of Martins Ferry, William J. Sprague of Salineville RD 1, John F. Cunningham of 313 Market St., Stephen B. West of Shinnston, W. Va., Charles C. Miller of 527 Commerce St., Wellsville, and William E. Foden of Glenmoor.

Helen E. Williams of 1049 Monaca St. was fined $10 and costs on a speeding charge. Jehu L. Herron of 207 Walnut St. was fined $5 and costs on a charge of crashing a traffic light at Pennsylvania and Dewey Aves. Sunday.

The court issued a warrant for a man who failed to appear for a hearing on a charge of speeding on Route 30. He is Frank M. Cornicello of Warren.

Youth Seeks Probation In Auto Fatality

LISBON — Leroy E. Smith, 19, of Youngstown pleaded guilty before trial this morning in Common Pleas Court to a charge of traffic manslaughter.

Judge Joel H. Sharp ordered a pre-sentence investigation and report after the youth asked for probation.

The September Grand Jury indicted him in connection with a one-car accident Aug. 21 which took the life of Lynn R. Hays, 18, formerly of Beaver Falls, a passenger.

Smith's car struck a concrete bridge on Route 165, six-tenths of a mile south of the Mahoning County line. The driver was accused of reckless operation and being left of center.

Judge Sharp will rule Monday on a motion for a new trial filed by counsel for Daryl Jackson, 18, of 1068 Jennings Ave., East Liverpool, convicted of traffic manslaughter Nov. 14 by a Common Pleas Court jury.

Jackson was the driver of a 1966 compact which struck a tree May 26 on Grimms Bridge Rd., killing Jerry Canne, 17, formerly of 143 Thompson Ave., one of the passengers.

Christmas Party Held For Children's Home

Thirty members of the Midland Catholic Youth Organization and their chaperones held a Christmas party Sunday afternoon at the McGuire Children's Home in New Brighton.

The group donated $30 for clothing as a Christmas gift to the children. The trip was made by chartered bus.

Council

(Continued from Page 1)

rates will be revised upward or downward when there is a rise or fall in the amount which Ohio Valley Gas pays to its supplier.

—:—

COUNCILMEN Floyd Murray and James Lowe are the other two members of the committee which negotiated the agreement with the utility.

Under the present rates, East Liverpool customers pay: 30.1 cents per 100 cubic feet for the first 1,300 cubic feet; 7.72 cents per 100 for the next 298,000 cubic feet and 7.1 cents per 100 for all over 300,000 cubic feet.

Maylone said the percentage of increase per year, compared with the present rate, will be 7.9 per cent in the first year, 8.9 per cent in the second year, 15.8 per cent in the third year and 16.7 per cent in the fourth year.

For the average East Liverpool consumer using 15,000 cubic feet per month, the monthly increase will be $1.07 under the first year's rates. For a person consuming 25,000 cubic feet, the raise will be $1.54 per month in the first year.

In the second year, the monthly increase will be $1.21 for the household using 15,000 cubic feet a month and $1.77 for a customer using 25,000 cubic feet. The third year's rates will mean a boost of $2.43 a month for the consumer using 15,000 cubic feet and $3.50 a month for the individual consuming 25,000 cubic feet.

In the fourth year, the increase will be $2.56 a month for the household using 15,000 feet a month and $3.73 for the consumer who uses 25,000 cubic feet a month, Maylone said.

He pointed out that the rate must be ratified both by Council and the utility before it goes into effect. Six affirmative votes will be required in Council for immediate enactment under suspension of the rules. Maylone explained details of the agreement to Council a week ago. Then the proposed ordinance was referred to Solicitor J. Michael Kapp for final checking on legal points.

REFERENCE materials prepared by political science and finance experts under the auspices of the 13-man preparatory committee include seven manuals: "The Convention," "The Constitution of Pennsylvania and of the United States," "A History of Pennsylvania Constitutions," "Local Government," "The Judiciary," (a complete coverage of court structure in the Commonwealth), "Legislative Reapportionment," and "Taxation and Finance."

Following a ruling that delegates be seated alphabetically rather than by senatorial districts, all delegates will take new seats today leaving their temporary ones.

Supt. Henderson's new convention seat number is "70."

Henderson said James A. Michener, noted author and secretary of the convention, sat next to him during the first week of proceedings. He and Michener became fast friends. As a result, the public and parochial school libraries at Midland will be presented autographed copies of paperbound editions of Michener's "South Pacific" and "Hawaii."

All-new Mercury Montego has 4 extra inches of riding comfort in every 2-door hardtop.

Three competitive car lines fall considerably short of Montego this year. As the chart shows, they give you 4 inches less wheelbase. Less rear passenger room. Less trunk space.

Montego doesn't think you want to be sold this short. Besides, we're solidly committed to the Fine Car Touch inspired by the Lincoln Continental. Which means giving you more.

We think you'll prefer Montego's 116-inch wheelbase for its extra riding comfort and Cougar handling excitement. Six of you can pile in without feeling like a crowd. And there's a trunk that's at least 20% bigger than our competitors'.

Youth Seeks Probation In Auto Fatality

LISBON — Leroy E. Smith, 19, of Youngstown pleaded guilty before trial this morning in Common Pleas Court to a charge of traffic manslaughter.

Judge Joel H. Sharp ordered a pre-sentence investigation and report after the youth asked for probation.

The September Grand Jury indicted him in connection with a one-car accident Aug. 21 which took the life of Lynn R. Hays, 18, formerly of Beaver Falls, a passenger.

Smith's car struck a concrete bridge on Route 165, six-tenths of a mile south of the Mahoning County line. The driver was accused of reckless operation and being left of center.

Judge Sharp will rule Monday on a motion for a new trial filed by counsel for Daryl Jackson, 18, of 1068 Jennings Ave., East Liverpool, convicted of traffic manslaughter Nov. 14 by a Common Pleas Court jury.

Jackson was the driver of a 1966 compact which struck a tree May 26 on Grimms Bridge Rd., killing Jerry Canne, 17, formerly of 143 Thompson Ave., one of the passengers.

Christmas Party Held For Children's Home

Thirty members of the Midland Catholic Youth Organization and their chaperones held a Christmas party Sunday afternoon at the McGuire Children's Home in New Brighton.

The group donated $30 for clothing as a Christmas gift to the children. The trip was made by chartered bus.

Council

rates will be revised upward or downward when there is a rise or fall in the amount which Ohio Valley Gas pays to its supplier.

—:—

COUNCILMEN Floyd Murray and James Lowe are the other two members of the committee which negotiated the agreement with the utility.

Under the present rates, East Liverpool customers pay: 30.1 cents per 100 cubic feet for the first 1,300 cubic feet; 7.72 cents per 100 for the next 298,000 cubic feet and 7.1 cents per 100 for all over 300,000 cubic feet.

Maylone said the percentage of increase per year, compared with the present rate, will be 7.9 per cent in the first year, 8.9 per cent in the second year, 15.8 per cent in the third year and 16.7 per cent in the fourth year.

For the average East Liverpool consumer using 15,000 cubic feet per month, the monthly increase will be $1.07 under the first year's rates. For a person consuming 25,000 cubic feet, the raise will be $1.54 per month in the first year.

In the second year, the monthly increase will be $1.21 for the household using 15,000 cubic feet a month and $1.77 for a customer using 25,000 cubic feet. The third year's rates will mean a boost of $2.43 a month for the consumer using 15,000 cubic feet and $3.50 a month for the individual consuming 25,000 cubic feet.

In the fourth year, the increase will be $2.56 a month for the household using 15,000 feet a month and $3.73 for the consumer who uses 25,000 cubic feet a month, Maylone said.

He pointed out that the rate must be ratified both by Council and the utility before it goes into effect. Six affirmative votes will be required in Council for immediate enactment under suspension of the rules. Maylone explained details of the agreement to Council a week ago. Then the proposed ordinance was referred to Solicitor J. Michael Kapp for final checking on legal points.

REFERENCE materials prepared by political science and finance experts under the auspices of the 13-man preparatory committee include seven manuals: "The Convention," "The Constitution of Pennsylvania and of the United States," "A History of Pennsylvania Constitutions," "Local Government," "The Judiciary," (a complete coverage of court structure in the Commonwealth), "Legislative Reapportionment," and "Taxation and Finance."

Following a ruling that delegates be seated alphabetically rather than by senatorial districts, all delegates will take new seats today leaving their temporary ones.

Supt. Henderson's new convention seat number is "70."

Henderson said James A. Michener, noted author and secretary of the convention, sat next to him during the first week of proceedings. He and Michener became fast friends. As a result, the public and parochial school libraries at Midland will be presented autographed copies of paperbound editions of Michener's "South Pacific" and "Hawaii."

Missouri, in 1821, was the first state west of the Mississippi River to be admitted to the Union.

All-new Mercury Montego has 4 extra inches of riding comfort in every 2-door hardtop.

Three competitive car lines fall considerably short of Montego this year. As the chart shows, they give you 4 inches less wheelbase. Less rear passenger room. Less trunk space.

Montego doesn't think you want to be sold this short. Besides, we're solidly committed to the Fine Car Touch inspired by the Lincoln Continental. Which means giving you more.

We think you'll prefer Montego's 116-inch wheelbase for its extra riding comfort and Cougar handling excitement. Six of you can pile in without feeling like a crowd. And there's a trunk that's at least 20% bigger than our competitors'.

Mercury's got it! Come see the new Montego while your Mercury dealer's in a "catch-up" mood.

First Industrial A-Blast Studied

FARMINGTON, N.M. (AP) — Scientists seek today to determine whether the first industrial nuclear explosion will render new wealth from the bowels of the earth.

A thermonuclear device was exploded 4,240 feet below the earth's crust Sunday. Preliminary indications were that the explosion, called Project Gasbuggy, had done its job by creating a huge subterranean chamber from which natural gas can be recovered, spokesmen said.

Dr. Robert H. Thalgott, Gasbuggy deputy project manager for the Atomic Energy Commission, told newsmen at a briefing after the blast that no radioactivity had escaped from the ground and none was expected to.

Dr. Harry Reynolds, a scientific advisor for Gasbuggy, said there was reason to believe that an underground chamber 160 feet in diameter and as tall as a 35-story building had been created 3,500 feet below ground zero.

The AEC said drilling into the chamber begins today, although no substantial evidence on whether the nuclear stimulation concept really worked is expected for several weeks or months.

Scientists estimate the nation's natural gas reserves will be doubled if nuclear blasts are found to be a feasible way to free gas from underground rock formations.

The nuclear device, which had an explosive punch estimated as equivalent to 20,000 to 30,000 tons of TNT, was detonated in the Picture Cliffs formation of the gas-bearing San Juan Basin.

Windows rattled in Farmington, 55 miles to the west. Newsmen and others, at an observation sight five miles from the detonation point, felt the sharp shock wave which thundered under the northwest New Mexico hills.

Telephone service at the site was interrupted when equipment was shaken out of place. AEC spokesman said the ground at the observation site heaved one-third of an inch, while the shock was described as far more severe at Gasbuggy control complex 2½ miles from the detonation point.

"We were rising in the air," one scientist at the complex reported.

Joint sponsors who have been working four years on the $4.7 million Gasbuggy Project include the AEC, El Paso Natural Gas Co. and the U.S. Bureau of Mines.

Man Kills Estranged Wife, 43, And Self

XENIA, Ohio (AP)—A Xenia man went to the nursing home where his estranged wife worked Sunday to try to talk her into reconciliation. Less than an hour later, both were dead.

Witnesses told police that Harry Myers, 46, and his 43-year-old wife, Hazel, argued about a half hour, then Myers pulled a pistol, shot his wife in the face and chest and himself in the head. Both were pronounced dead at Greene Memorial Hospital.

Police said Myers had held his wife hostage in their son's home about a year ago, but gave himself up to police after his son pleaded with him.

Employes at the Francis Nursing Home, where Mrs. Myers was a nurse, said the couple had separated about a month ago.

Ohio Priest Invited To Crib Dedication

FREMONT, Ohio (AP)—The Rev. Alois S. Horn, a Roman Catholic priest here, has been invited to take part in the dedication of a Christmas nativity crib at the White House next Friday. He said Sunday that the invitation came by telephone from one of President Johnson's secretaries.

Father Horn, a chaplain at Camp Perry, is an authority on Christmas cribs. He has made 35 since 1934, including one for the city of Fremont.

Keep In Trim

By IDA JEAN KAIN

Fast Eaters Overshoot Mark

If you literally bolt your food, you don't really taste it! You eat to fill up rather than to savor the flavor. Unhappily, fast eating makes it difficult to hold the weight-line. It's so easy to rush past the satiety signal. A reducer who has succeeded in taking off 100 excess pounds expresses the problem this way:

Ida Jean Kain

"In losing weight, the habits that lead to overeating must be tackled, and that includes fast eating. The sad part of it is that overweight people eat so fast they can't taste the food. They eat to fill up. Anyone who makes a practice of overeating is thinking about the joy of the moment while she is eating . . ."

Determined to keep slim, our dieter asks how to change this bad habit pattern and learn to eat more slowly.

—:—

FAST EATING is a combination of habit, hunger and the lure of the palate. A less understood factor is an anxiety, that can amount to a compulsion.

A frontal attack on a compulsion misses the mark. An effective way to cope with the problem is to give instructions to your mind — at a time when you are not being influenced by the lure of the palate. You make an advance decision to eat more slowly, and give this picture to your mind.

The picturing process may sound a bit fanciful, but the imaging faculty of the mind is amazingly effective in changing a habit pattern. Think of your mind as operating along the lines of a computer. Your reasoning mind gives the instructions to "yourself."

Basically, the mind thinks in terms of pictures, so instructions are given via the picture blue print. A habit pattern can be changed through the imaging process. It takes practice, but doesn't everything? If you will adventure in the realm of the imagination - - the picturing plan - - you will find it fascinating exercise. Here is a potent secret - - the practice imagery is as real to your nervous system as an actual experience.

—:—

PLAY YOUR mental movie each sight before slipping into sleep, and again in the morning on awakening. In your mind's eye, see yourself taking a modest amount of food on your fork, eating the food slowly, finishing each forkful and swallowing it before you get the next forkful ready.

The decision to eat slowly is made in your mind, and the picturing process is "photographed." At mealtime you have an awareness of what you are doing. Also you develop a sense of how much is enough.

The mental way to slow down your eating rate puts you on the inside track in control centers. Try it!

Driver Killed In Beaver As Car Hits Span

MONACA — Mrs. Diana Kay Hawk, 22, of Monaca was killed Saturday night at 9:50 when her car skidded into a bridge on the Aliquippa-Monaca Blvd.

Mrs. Hawk, Beaver County's 42nd traffic fatality of the year, was thrown from the vehicle into a girder on the bridge. She was pronounced dead on arrival at Rochester General Hospital with a fractured skull and neck.

Police said wreckage from the 1960 model car was scattered for 250 feet. There were 179 feet of skid marks on the pavement.

Survivors include her husband, Harmon Hawk, two children and parents, all of Monaca.

Bombay Arts Center

BOMBAY, India (AP) — A National Center for the Performing Arts is to be built in Bombay with funds contributed by Tata industries. A spokesman for Tata Trust Foundation said the center would give India a full-fledged modern theater and would record on tape and film performances of India's "greatest exponents of music, dance and drama."

A frontal attack on a compulsion misses the mark. An effective way to cope with the problem is to give instructions to your mind — at a time when you are not being influenced by the lure of the palate. You make an advance decision to eat more slowly, and give this picture to your mind.

The picturing process may sound a bit fanciful, but the imaging faculty of the mind is amazingly effective in changing a habit pattern. Think of your mind as operating along the lines of a computer. Your reasoning mind gives the instructions to "yourself."

Basically, the mind thinks in terms of pictures, so instructions are given via the picture blue print. A habit pattern can be changed through the imaging process. It takes practice, but doesn't everything? If you will adventure in the realm of the imagination - - the picturing plan - - you will find it fascinating exercise. Here is a potent secret - - the practice imagery is as real to your nervous system as an actual experience.

—:—

PLAY YOUR mental movie each sight before slipping into sleep, and again in the morning on awakening. In your mind's eye, see yourself taking a modest amount of food on your fork, eating the food slowly, finishing each forkful and swallowing it before you get the next forkful ready.

The decision to eat slowly is made in your mind, and the picturing process is "photographed." At mealtime you have an awareness of what you are doing. Also you develop a sense of how much is enough.

The mental way to slow down your eating rate puts you on the inside track in control centers. Try it!

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Someone should write a glossary for unmarried men. Since I've been the victim of at least 150 blind dates, I'm well qualified to give you an assist should you decide to tackle the project in your spare time.

Dozens of well-intentioned friends and relatives have fixed me up with girls whom they described as "perfect for you." I've decided it's about time I learned to translate into plain English some of their descriptive phrases. Here are just a few:

"She has a tremendous sense of humor. She's a laugh a minute." It means, "She's fat."

"She has a lovely disposition, fine character, a spotless reputation and is dearly loved by all the women she works with." This means, "She's urgly as home-made sin."

"She's easy-going, low-key and very casual." It means, "She dresses like a slob and her apartment resembles a pig pen."

"She's a good sport." This means, "She knows 500 dirty jokes and can drink you under the table."

"She's a dandy little housekeeper." This means, "She's been divorced three times and kept the house each time."

"She's ready to settle down." This means, "She's over 30, panicky and dying to get married."

"She's very bright, has a terrific job and is highly respected in her field." It means, "She's overbearing, domineering and she shaves."

Okay, Ann, no charge for this start; you can take if from there. —GUNSHY.

-:-

Dear Gun: You've done such a peachy job, why don't YOU take it from there? Thanks for letting us know what your life has been like. When are you joining the monastery, Bub?

Moving Day

Dear Ann: My brother, Mike, who is 18, got into a little trouble with the law so he enlisted in the Army. While in the Army he got into some more trouble. He's being released next month.

My father told my mother he refuses to live under the same roof with Mike and that she had to make a choice. She chose Mike.

Now my father is moving out of the house into an apartment and he wants me to go with him. I'd have to do all Dad's washing and ironing and cooking and cleaning. To be honest with you, I don't want the responsibility. I also don't want to leave my mother.

I love them both but I think Dad needs me more and I feel guilty for not agreeing at once to go with him. Please tell me what to do. — TORN UP AT 16.

-:-

Dear Torn: Stay home. If your dad wants to leave, that's up to him, but he should not attempt to include you in his plans.

Second Helping

Dear Ann: A friend with whom I had dinner the other evening did something which I feel was wrong. When the food was served, she took a few bites, said, "I don't like this," and asked the waiter to bring her something else. The waiter did so at no extra charge.

Since there was nothing wrong with the food except that she didn't like it, wasn't she wrong to ask for a substitute? — TABLE TALK.

Dear Talk; Perhaps the food was too highly seasoned, undercooked or overcooked and this is why she didn't like it. A good restaurant does not resent this if the patron is pleasant.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

CLEANING TIPS

From PRESSWELL

by Paul Seckman

A Finishing Touch

Did you know that Presswell seldom iron your clothes? Instead we use many shapes and sizes of presses to "finish" clothing.

There are steam air forms to restore the shape to entire coats and dresses. There are utility presses, offset presses, and hot head presses.

For men's trousers there are two-lay leggers and one-lay leggers. That's just for the bottoms. For the tops the cleaners finishes with (what else?) a topper.

Ladies' dresses receive even more specialized treatment. The cleaner uses four different tasty sounding types of puff irons for tricky parts of dresses. These are called eggs, mushrooms, sleevers and shoulders.

But the hand iron is not completely obsolete. Some pleating must be done by hand.

Clean Clothes Last

Never allow a garment to hang uncleaned from one season to the next. Analysts at the National Institute of Drycleaning say stains will become set with age and are difficult, if not impossible, to remove. Soil will also attract moths and other insects.

Brush Clothing Often

Brush garments and household textiles frequently. Dust, dirt, and grime have a cutting action on textile fabric.

Expansion Plans Drawing Praise

CLEVELAND (AP) — Cleveland Electric Illuminating Co.'s plans for a $350-million expansion program is drawing praise from civic and business leaders.

"This action is undoubtedly predicated not only on residential needs but on continued dynamic industrial growth in the area," said Thomas F. Patton, chairman and president of Republic Steel Corp.

Mayor Carl B. Stokes said he was "greatly excited and gratified" by the big expansion plans.

The CEI program announced Saturday night calls for a 60 per cent increase in the utility's productive capacity by 1972. Included in the program will be expansion of generating facilities, addition of transmission lines, purchase of rights-of-way and building of additional distribution facilities.

There are 36 muscles in the human face.

Reagan's Wife Says He's Not Candidate

COLUMBUS, Ohio (AP)—Mrs. Ronald Reagan, wife of the California governor, said Saturday night her husband is not going to run for the Republican presidential nomination.

"I don't see how you could want it (the presidency) for anybody you loved. I feel terribly sorry for anybody in the office," she told a news conference at Port Columbus Airport.

Mrs. Reagan substituted for her husband at a private fund raising dinner for the Ohio Republican Party Saturday night. Reagan canceled his appearance here to remain in California because of recent riots at San Francisco State College.

Rogers Meeting Set

ROGERS — Plans for a community Christmas party for youngsters will be made at a meeting of the Rogers firemen tonight at 8 at the station. Firemen also will complete arrangements for a holiday dance scheduled Saturday.

Committee Appointments Head Convention Agenda

HARRISBURG (AP) — The announcement of committee appointments highlighted the agenda at today's resumption of the Constitutional Convention.

On the ceremonial front, it was "Distinguished Pennsylvanians Day" at the week-old convention which will run through Feb. 29.

"What I plan to do is announce the committees, assign them rooms and let them begin working," said Lt. Gov. Raymond J. Broderick, convention president.

A space problem will creep up this week since the convention and the House, which also returned to work today, will both be utilizing the House chamber at separate times.

But Broderick was not dismayed.

"The House aill meet Tuesday afternoon, which then will leave us the morning in which to work," the convention chief said.

With committee assignments out of the way, it leaves the convention floor open for delegates to offer proposals for changing the state constitution.

Broderick was asked if he expected a flurry of proposals.

"I don't know. I would kind of hope so. I want them to ge. working right away," Broderick replied.

The convention is empowered to offer changes to four parts of the constitution. However, the convention recommendations divided into at least four questions, will appear on the primary ballot for ratification or defeat by the voters.

Athletic Head Dies

LEXINGTON, Ky. (AP) — Bernie A. Shively, athletic director at the University of Kentucky, died Sunday after suffering a heart attack. Shively, 64, had been athletic director at Kentucky since 1938. Duquesne Selects Name For Atomic Power Plant

A new 800,000-kilowatt nuclear generating facility, at Shippingport, scheduled to be placed in service on Duquesne Light's system in 1973, will be called the "Beaver Valley Power Station."

The announcement was made today by Philip A. Fleger, chairman of the board and chief executive officer of the power company.

Fleger said: "We think it is only fitting that our new facility be named after the Beaver Valley, where it will be located. Not only has Beaver Valley great historical significance throughout this entire area — it is also a vitally important part of our service area.

—:—

FLEGER SAID that engineering work for the new station is now under way. Target date for the start of construction is early in 1969.

The new nuclear station is one of four huge generating facilities which will be built jointly by members of the recently-formed CAPCO power pool. Pool members, in addition to Duquesne Light are the Cleveland Electric Illuminating Co., the Ohio Edison Co., which will jointly own the Beaver Valley Power Station with Duquesne, the Pennsylvania Power Co. and the Toledo Edison Co.

During the first seven years the pool will spend in excess of $½ billion for the four new generating stations and 8 extra-high-voltage transmission lines totaling 250 miles. Duquesne's share of the program is approximately $130 million.

"Today," Fleger said, "the entire Beaver Valley has embarked on significant development programs. It has great growth potential for industrial and commercial expansion as well as new residential areas. We believe our new station will add impetus to its development and help strengthen the economy in the years immediately ahead."

—:—

IN MAKING today's announcement Fleger also stated that Duquesne Light will share ownership in two of the pool's other proposed generating units: the 625,000-kilowatt coal-fired station to be installed by Ohio Edison on the Ohio River, and a 625,000 kilowatt coal - fired facility to be installed by the Cleveland Electric Illuminating at a site in northeastern Ohio.

"'Increased reliability and lower cost are assured," Fleger concluded, "by the pooling of the generating reserves of the five companies; the ability of the companies to install jointly much larger and considerably more efficient generating units; more and stronger interconnections between the companies for the exchange of bulk power for maintenance and emergencies; and the ability to retire old, inefficient generating facilities much sooner than could be done independently."

$88 Removed From Purses Of 2 Women

A sneak thief obtained $88 in currency Saturday afternoon from the purses of two women shoppers in a downtown store, police reported.

Mrs. John L. Williams and her daughter-in-law, Mrs. John P. Williams, both of 757 Sophia St., said the wallets were stolen from their purses at the Volunteers of America store on E. 6th St. The thefts were reported to police by Mrs. Jean Shannon, a clerk.

Mrs. John L. Williams said her loss totaled $75 while her daughter-in-law said her billfold contained $13 and some papers, including a library card.

Four other cases of theft and vandalism were reported over the weekend.

William J. Treleven of 311 Beaver St. told police Saturday night an intruder entered his home between 5:45 and 9 p.m. by forcing a door, but apparently nothing was taken. Treleven said the intruder applied such force to the door that it pushed out the screws holding a lock in the door, allowing the lock to fall to the floor inside.

John Crow of Hookstown RD 1 told officers a 12-volt battery valued at $20 was stolen from his car while it was parked on the Horn Switch property off Dresden Ave. between 9:15 p.m. Saturday and 1:15 a.m. Sunday.

Randy Manley of Cannons Mills Rd. reported his alto saxophone valued at $125 was stolen from Memorial Auditorium immediately after the basketball game Saturday night.

John Sembar of Toronto reported a vandal broke a mirror and bent the radio antenna on his 1965 car while it was parked on Dresden Ave. Saturday night or early Sunday. The car's paint also was scratched, he said.

75 Attend Christmas Party Held By County's MD Group

LISBON — Some 75 patients and their parents attended the first Christmas party sponsored by the Muscular Dystrophy Association of Columbiana County Sunday afternoon at the VFW McKinley Room here.

Harry Glavan of East Palestine, association president, extended the welcome and Mrs. Leo Jenkins of Rogers, patient service chairman and treasurer, served as hostess.

Santa Claus was on hand to distribute gifts in the room decorated in keeping with the season.

The program featured feats of magic by James Lang of radio station WOHI in East Liverpool.

Refreshments were served at the conclusion of the program by women of the VFW Auxiliary and association members. The cookies were donated by the members.

Miss Maria Margaret Morris of Wellsville observed her 28th birthday in conjunction with the party.

The committee in charge of the party included Miss Kathryn McKee and Mrs. Mary Novak of Lisbon, Mrs. Norman Mattern of Wellsville RD, Mrs. Harry Martin of East Liverpool, Mrs. Alice Hawk of East Palestine and Mrs. Jenkins.

Picnics have been held for the youngsters in the past, but this was the first Christmas party.

The association was formed in 1959, with four patients being cared for at the time. Now there are 24 in-county patients and two from neighboring counties receiving service.

House Beauty Shop Slated To Reopen

WASHINGTON (AP) — The House beauty shop, which vanished in the night, is headed for a prompt reopening.

It was only last Saturday night that Mrs. Mabel Solomon suddenly pulled her equipment out of the shop she operated for some 30 years.

Since this was discovered last Monday morning congressional wheels have been turning rapidly and the shop's reopening is set for today.

On Wednesday, Rep. Martha Griffiths, D-Mich., introduced a proposal authorizing up to $15,000 to buy new equipment, set up a select committee to oversee operations and hire a manager. The House didn't blink an eye or say a word before accepting the plan.

Mrs. Griffiths, Rep. Edith Green, D-Ore., and Rep. Catherine May, R-Wash., were named to the committee and promptly went to work.

They ordered $12,000 of new equipment—hair dryers, chairs and shampoo stations—got the old quarters painted and the floors cleaned.

They hired a manager, Mrs. Betty J. Oszust of nearby Rockville, Md., at $15,000 a year. The manager's salary will be drawn out of income of the shop, open to anyone but used primarily by House employes, women members and wives of male members.

When Mrs. Solomon operated the shop, she paid no rent, no utilities and even got free towels. Mrs. Griffiths claimed Mrs. Solomon grossed $143,000 last year.

Author Faces Suit

Thompson Denies 'Life' Photo Use Infringement

Josiah (Tink) Thompson, former city resident whose book "Six Seconds In Dallas" about the assassination of President John Kennedy was published last month, has branded as "silly" a charge filed by Life Magazine that he infringed upon copyrighted use of photographs.

The magazine has filed a suit in U. S. District Court in New York against Thompson, an assistant professor at Haverford College, and his publisher, Bernard Geis Associates.

The magazine seeks to halt the distribution and sale of the book which indicates not one but three assassins fired at and hit the late President.

The magazine claims infringement on the use of sections of a movie film taken by Abraham Zapruder at the time of the slaying which the magazine purchased from Zapruder at a reported cost of $150,000.

According to the New York Times, Thompson and Geis sought permission to use the film in the book and were turned down. Thompson was a consultant for life on the Kennedy assassination from November 1966 to February 1967.

Thompson, son of Mr. and Mrs. J. D. Thompson of Park Blvd, told Times reporters the suit's claim "is a silly charge"

He explained a Life editor was present when he studied the film and made copies of it and gave permission.

Geis said the magazine was asked to approve use of some of the film for the book, with the offer that Life would get all the profit from the book in return.

"The sole purpose of the book was to correct a gross error in U. S. history," Geis said. Consequently, 49 charcoal drawings depicting scenes in the film were used in the book.

Driver Due Hearing After Car Hits Porch

A Wellsville man escaped injury, but was cited for driving an unsafe vehicle after his car ran into the porch of a Wellsville home Sunday at 2:40 a.m.

Wayne L. Russell, 29, of 1229 Center St. told police the accelerator of his car stuck and the brakes failed to operate as he turned from Clark Ave. onto 15th St.

The car went out of control and rammed the porch at the home of John Trainer of 509 15th St., Wellsville. The porch was heavily damaged, police reported.

Russell will receive a hearing before Mayor Daugherty.

Gifted Suggestion STEREO
How much stereo can you buy for $300?

The KLH* Model Twenty-Four
Now you can buy a stereo music system that you can own happily for the rest of your life for just $300. The new KLH* Model Twenty-Four will do everything you'd expect a high-performance music system to do—and more. It will play mono and stereo records and mono and stereo FM broadcasts. It has output jacks for making tape recordings, and you can play other music sources (such as a tape recorder or an AM receiver) through it.
All of the electronics in the Model Twenty-Four are solid-state. And all of the electronics, as well as the newly designed high-performance loudspeakers, are built by KLH in their own plant. The only component in the Twenty-Four that isn't built by KLH is the Garrard automatic turntable. It is the same Garrard model used in KLH's most expensive systems.

Shooting

(Continued from Page 1)

Salem police officer John Sommers of Whinnery Dr. and turned over to him a .22-caliber pistol.

Conrad and Sommers have been friends for several years. The officer found Mrs. Conrad in the car with a bullet hole above her left eye. He called officer Glenn Shingleton, who lives across the street, and they went along in Conrad's car as he drove to the hospital.

—:—

THE OFFICERS notified police headquarters and the sheriff's office from the hospital. Prosecuting Atty. J. Warren Bettis, Van Fossan and sheriff's deputies Howard Gray and Kent Garvey conferred with Salem police and the defendant Sunday afternoon at the police station. Conrad was placed in the County Jail last night.

The sheriff and prosecutor would not discuss details of the case except to say they have the gun and the shooting occurred in Columbiana County.

Conrad has been employed since June 28, 1965, as a structural worker and assembler at the Morgan Engineering Co. in Alliance. The Zellers operate a dairy farm in Knox Township.

Mrs. Conrad was born in Knox Township Feb. 23, 1933, the daughter of Kenneth and Wilhelmina Weber Zeller.

She is survived by her parents; three sons, Keith, Elton and Kenneth, and a daughter, Elecia, all at home, and a sister, Mrs. Wilma Valdez of Spring Valley, Calif.

Services will be held Wednesday at 1:30 p. m. at the Vogt - Gednetz Funeral Home in Sebring by the Rev. Calvin Klumb of the Bethel United Church of Christ. Burial will be in Highland Memorial Park near Westville.

There are no calling hours.

SANTA and the PIGWIDGEN

By Lucrece Beale

Synopsis: On their way to find the Pigwidgen, Claus and the elf come upon a sleeping giant. Tweedleknees foolishly wakes the giant who starts after them in a rage.

CHAPTER EIGHT

"Run for your life!" shouted Claus. He tore down the far side of the mountain.

"I'm coming! I'm coming!" sputtered Tweedleknees, leaping after Claus. He lurched over a rock and went slipping, sprawling, tumbling head over heels until he came to a stop standing on his head with both legs wrapped around a tree.

Opening his upside-down eyes he saw the head of the giant looming over the top of the mountain. The giant grinned.

"Help!" bellowed Tweedle knees.

Claus turned and saw the giant reaching out to snatch the elf in his gargantuan fist. His heart pounding, Claus unshouldered the bow the elves had given him to kill the Pigwidgen. He shot the magic arrow into the heart of the giant.

—:—

THE EARTH quaked and the mountain tottered when the great giant fell. Tweedleknees leaped to his feet and slid down the mountainside to Claus.

In wrath, the witch blew powder in Tweedleknees' face.

"You've done it!" he cried admiringly. "'You've killed a giant!"

"Yes," said Claus gravely. "But I've used the magic arrow and it cannot be used again."

"Pooh!" exclaimed Tweedleknees. "You've three more weapons. There's no need to worry."

Then he and Claus continued on their way. The farther north they went the colder the wind blew. One day they met a witch huddled by the side of the road.

"Good day," said Claus, "Can you tell me please if this is the way to the place where the Pigwidgen dwells?'"

"I'll tell you nothing," rasped the witch.

"Aren't you cold sitting there?" demanded Tweedleknees.

"Fie on you!" snapped the witch and she covered her head with her cloak.

—:—

CLAUS and Tweedleknees went on their way. They had not gone far when Tweedleknees said angrily, "She can't talk to me that way. I'm going back and tell her a thing or two."

He ran back to the witch and tapped her on her shoulder. The witch withdrew her head from the cloak and Tweedleknees said, "You were very rude just now. You should apologize."

The witch's eyes flashed green and purple lights. Her face was chinless and her nose was like a tea kettle spout turned upside down.

"It could be," said Tweedleknees huffily, "that if you acted nicer you would look nicer."

The witch rose in wrath. She reached under her cloak and drew out a handful of powder. She blew the powder in Tweedleknees' face and muttered, "That's for being a butinsky!"

—:—

TWEEDLEKNEES threw his hands over his face. He felt his jaw dropping and his teeth jutting over his lips and his ears growing long and hairy. In a moment he was turned into a donkey and the witch had disappeared.

Claus had continued on his way. He was astonished when a donkey came up behind him and nudged his shoulder.

Claus looked around for Tweedleknees but there was no sign of the elf. "Tweedleknees! he shouted. "Look what's here!"

The donkey threw back his great long head and brayed mournfully.

"What can be the matter?" wondered Claus.

The donkey pawed the snow with his hoof. Claus looked down and saw he had stamped out two words: "It's me."

"'Who?" cried Claus in confusion. And then he groaned, no," as he finally understood.

NEW YORK (AP) — A minister who believes the spirit world "may be closer than we think" warned his congregation Sunday against fraudulent mediums.

The Rev. Dr. John Sutherland Bonnell, pastor emeritus of the Fifth Avenue Presbyterian Church, said it would be a mistake to assume that all mediums—intermediaries between the living and the dead—were fraudulent.

Dr. Bonnell said he decided to preach on the dangers of "spiritism" because of an increasing number of bereaved persons seeking guidance from pastors on the authenticity of such communication.

The ancient Phoenicians, like the ancient Greeks, never unified their cities into a single country.

Four Ohio Landmarks Designated Nationally

WASHINGTON (AP) — Four Ohio landmarks are eligible for designation as natural landmarks, Secretary of the Interior Stewart L. Udall announced Saturday.

They are Clear Fork Gorge in Clear Fork State Park south of Loudenville; Holden Natural Areas in Lake and Geauga counties; Kelleys Island in Lake Erie; Tinkers Creek Gorge within the Bedford Reservation in Cuyahoga County.

The sites were among 28 sites in 14 states recommended by the Advisory Board on National Parks, Historic Sites, Buildings and Monuments.

The Ohio sites will be placed in the national registry of natural landmarks upon application by their owners.

Hints from Heloise

— By Heloise Cruse —

DEAR FOLKS: I just received a letter about Christmas Tree Safety from Mr. Francis M. McKinney who is an Electrical Safety Inspector and Researcher.

After I read it, I asked my husband to read it, too. He said if everyone observed Mr. McKinney's thoughtful warnings, many lives and homes would be saved this Christmas.

So let's all read carefully and follow closely the safety cautions from an expert in the electrical field. We want the Christmas holidays to be a joyful time instead of a sorrowful time:

"Your Christmas tree can turn into a dangerous fire or shock hazard if it is not correctly set up and cared for.

"The tree itself should be fresh and green, and kept so by using any of the approved liquids on the market. Place the tree well away from curtains and wastebaskets.

"Select approved Christmas tree lighting sets. Examine the cords and sockets carefully for wear before putting them up. Do not put more than two sets in series. Use a good quality extension cord from the wall outlet. For more than two sets of lights, run TWO extensions to TWO wall outlets.

"Keep all lamp sockets filled even though the bulb may be burned out. Remember that these carry 110 volts just like any other lamp around the house and a child can get electrocuted sticking his finger into an empty socket.

"Arrange all the lights so that none is near a decoration which can catch fire from the heat. "Do not put metal discs or other decorations around the bulbs. These might become electrified if they touch the lamp base.

"Do not plug electrical toys or appliances of any kind into the outlet which is at the end of the string of lights. The cord is not large enough to supply current safely to anything other than the lights themselves.

"For outdoor Christmas decorations, use only approved outdoor sets of lights and supply these with heavy outdoor extension cords."

Thank you, Sir. I know that many warnings and cautions are published every year, but there still are many accidents and I'd like to add a few cautions myself just in case:

"Don't buy a tree if the needles are dead looking, brittle or shatter. They're a fire hazard.

Protect your carpets from sap and water by covering them with heavy plastic before covering with your sheet, etc.

NEVER use electric lights on a METAL tree. Many homes are burned each year because of this. People "just forget." By then it's too late.

HELOISE.

DEAR HELOISE: I'm the mother of six children, and I'd like to pass on an idea I use that saves me a few headaches.

When the school year starts, I thread several needles with different colors, knot each, then stick them into a strategically placed pin cushion.

Saves panic when a button pops off the last few minutes before the school bus arrives.

MRS. J. J. SLADKEY.

DEAR HELOISE: I found that my no - longer - needed baby's bathinette make a dandy folding table in my laundry room.

It takes up little space and has all those handy shelves below for washing needs, dust cloths, cleaning aids, etc.

FAITHFUL READER.

DEAR HELOISE: I discovered a terrific use for adhesive-backed plastic shelf lining!

I bought some of it in the design of ash wood and covered our portable metal television and also our plastic radio with it.

Now we have a very expensive-looking TV and radio that match.

MRS. LARRY LANIE.

DEAR HELOISE: When I am wrapping a package for mailing I put it on the wraping paper and trace around it lightly with a pencil. Then I write the address on the paper BEFORE it is put on the package.

It's so much easier to do this while the paper is flat on the table, especially if the address is a long one.

MRS. A. E. HASKELL.

Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible.

Final Action Due Postal, Pay Boosts

WASHINGTON (AP) — Final congressional action raising postal rates and the pay of federal workers is expected in time to give government employes a Christmas bonus: Salary boosts retroactive to Oct. 1.

Similar increases are in line for members of the military services under separate legislation.

The postal rate increases, affecting all classes of mail and increasing to 6 cents the cost of mailing a first-class letter, will not take effect until Jan. 7.

Two bills containing the increases—one covering postal rates and civilian employes and the other covering the military—are scheduled for House action today.

The Senate approved the military pay bill Friday, shortly after a compromise was reached. It is expected to move quickly on the postal measure so President Johnson's signature can put the machinery into motion to include the retroactive increases in the next paychecks of government workers.

The postal-pay bill, glued together by the House Post Office Committee in an effort to make it veto-proof, exceeds Johnson's recommendations, both in the cost of the pay boosts and in the revenue expected from new postal rates.

But the President is expected to sign it.

It also contains the latest form of a bill vetoed by the President last summer to increase life insurance coverage for federal workers, and it has a stiff ban on future nepotism applying to all employes of the executive, legislative and judiciary branches.

WASHINGTON (AP) — Harold M. Wells, executive secretary of U.S. News & World Report, died Sunday in Georgetown University Hospital after a long illness. Wells, 62, joined the magazine 29 years ago.

All Nonacademic Employes Due Boost At Kent

KENT, Ohio (AP)—Kent State University will recommend pay increases for all nonacademic employes under an agreement approved by members of two local unions.

The agreement announced Sunday provides that the university will recommend one-step pay increases to the State Compensation Board. The increases, if approved, would go into effect next July 1.

In addition, the university agreed to review its wage structure and recommend elimination of any inequities.

The agreement approved by members of the American Federation of State, County and Municipal Employes and the Ohio Civil Service Employes Association provides also for improved hospitalization and other fringe benefits.

Hints *from* Heloise

— By Heloise Cruse —

DEAR FOLKS: I just received a letter about Christmas Tree Safety from Mr. Francis M. McKinney who is an Electrical Safety Inspector and Researcher.

After I read it, I asked my husband to read it, too. He said if everyone observed Mr. McKinney's thoughtful warnings, many lives and homes would be saved this Christmas.

So let's all read carefully and follow closely the safety cautions from an expert in the electrical field. We want the Christmas holidays to be a joyful time instead of a sorrowful time:

"Your Christmas tree can turn into a dangerous fire or shock hazard if it is not correctly set up and cared for.

"The tree itself should be fresh and green, and kept so by using any of the approved liquids on the market. Place the tree well away from curtains and wastebaskets.

"Select approved Christmas tree lighting sets. Examine the cords and sockets carefully for wear before putting them up. Do not put more than two sets in series. Use a good quality extension cord from the wall outlet. For more than two sets of lights, run TWO extensions to TWO wall outlets.

"Keep all lamp sockets filled even though the bulb may be burned out. Remember that these carry 110 volts just like any other lamp around the house and a child can get electrocuted sticking his finger into an empty socket.

"Arrange all the lights so that none is near a decoration which can catch fire from the heat. "Do not put metal discs or other decorations around the bulbs. These might become electrified if they touch the lamp base.

"Do not plug electrical toys or appliances of any kind into the outlet which is at the end of the string of lights. The cord is not large enough to supply current safely to anything other than the lights themselves.

"For outdoor Christmas decorations, use only approved outdoor sets of lights and supply these with heavy outdoor extension cords."

Thank you, Sir. I know that many warnings and cautions are published every year, but there still are many accidents and I'd like to add a few cautions myself just in case:

"Don't buy a tree if the needles are dead looking, brittle or shatter. They're a fire hazard.

Protect your carpets from sap and water by covering them with heavy plastic before covering with your sheet, etc.

NEVER use electric lights on a METAL tree. Many homes are burned each year because of this. People "just forget." By then it's too late.

HELOISE.

DEAR HELOISE: I'm the mother of six children, and I'd like to pass on an idea I use that saves me a few headaches.

When the school year starts, I thread several needles with different colors, knot each, then stick them into a strategically placed pin cushion.

Saves panic when a button pops off the last few minutes before the school bus arrives.

MRS. J. J. SLADKEY.

DEAR HELOISE: I found that my no - longer - needed baby's bathinette make a dandy folding table in my laundry room.

It takes up little space and has all those handy shelves below for washing needs, dust cloths, cleaning aids, etc.

FAITHFUL READER.

DEAR HELOISE: I discovered a terrific use for adhesive-backed plastic shelf lining!

I bought some of it in the design of ash wood and covered our portable metal television and also our plastic radio with it.

Now we have a very expensive-looking TV and radio that match.

MRS. LARRY LANIE.

DEAR HELOISE: When I am wrapping a package for mailing I put it on the wraping paper and trace around it lightly with a pencil. Then I write the address on the paper BEFORE it is put on the package.

It's so much easier to do this while the paper is flat on the table, especially if the address is a long one.

MRS. A. E. HASKELL.

Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible.

Final Action Due Postal, Pay Boosts

WASHINGTON (AP) — Final congressional action raising postal rates and the pay of federal workers is expected in time to give government employes a Christmas bonus: Salary boosts retroactive to Oct. 1.

Similar increases are in line for members of the military services under separate legislation.

The postal rate increases, affecting all classes of mail and increasing to 6 cents the cost of mailing a first-class letter, will not take effect until Jan. 7.

Two bills containing the increases—one covering postal rates and civilian employes and the other covering the military—are scheduled for House action today.

The Senate approved the military pay bill Friday, shortly after a compromise was reached. It is expected to move quickly on the postal measure so President Johnson's signature can put the machinery into motion to include the retroactive increases in the next paychecks of government workers.

The postal-pay bill, glued together by the House Post Office Committee in an effort to make it veto-proof, exceeds Johnson's recommendations, both in the cost of the pay boosts and in the revenue expected from new postal rates.

But the President is expected to sign it.

It also contains the latest form of a bill vetoed by the President last summer to increase life insurance coverage for federal workers, and it has a stiff ban on future nepotism applying to all employes of the executive, legislative and judiciary branches.

News Figure Dies

WASHINGTON (AP) — Harold M. Wells, executive secretary of U.S. News & World Report, died Sunday in Georgetown University Hospital after a long illness. Wells, 62, joined the magazine 29 years ago.

All Nonacademic Employes Due Boost At Kent

KENT, Ohio (AP)—Kent State University will recommend pay increases for all nonacademic employes under an agreement approved by members of two local unions.

The agreement announced Sunday provides that the university will recommend one-step pay increases to the State Compensation Board. The increases, if approved, would go into effect next July 1.

In addition, the university agreed to review its wage structure and recommend elimination of any inequities.

The agreement approved by members of the American Federation of State, County and Municipal Employes and the Ohio Civil Service Employes Association provides also for improved hospitalization and other fringe benefits.

Philology is the study of languages, especially as a science.

Worshiped, Not Fed

BOMBAY, India (AP) — Prime Minister Indira Gandhi told a public meeting here she is pained to see the cow, which is worshiped in India, so totally neglected. She said stray cattle roam the streets but no one bothers to see they are fed.

Works Reconstructed

SAUGUS, Mass. (AP) — The Suagus Ironworks is a reconstruction of the early ironmaking industry, the first successful ironworks in North America. The reconstruction includes the iron master's house (1640) and other buildings.

McCarthy One Of 'Rivals'

Jackie Takes Spotlight At Democratic Dinner

NEW YORK (AP) — Mrs. John F. Kennedy, in her first political appearance since the 1963 assassination of her husband, took most of the spotlight Sunday night at a New York State Democratic dinner.

One of her rivals for attention was Sen. Eugene J. McCarthy, D-Minn., who is campaigning in opposition to President Johnson for the 1968 presidential nomination.

McCarthy was one of a score of senators and six governors to welcome Mrs. Kennedy to the $500-a-plate fund-raising dinner at the Plaza Hotel.

After the roast beef dinner, Sen. Robert F. Kennedy, D-N.Y., took note of the presence, along with himself, of his sister-in-law; his brother, Sen. Edward M. Kennedy, D-Mass., and his brother-in-law, Stephen Smith, husband of Jean Kennedy, by telling the 500 guests:

"Welcome to the Kennedy Christmas party."

The senator added: "And now may I introduce the evening's guest of honor, Mrs. John F. Kennedy."

Mrs. Kennedy clad in a black minidress trimmed with sequins at the neckline, pockets and cuffs, stood up—and so did everyone else at dinner, to applaud the presidential widow.

There were no speeches at the affair, held to help the financially ailing Democratic state party, but there were introductions of some prominent guests and a word of thanks from Robert Kennedy.

The dinner proceeds were expected to put some $200,000 toward the state party's more than $300,000 debt.

After-dinner entertainment was provided by comedian Alan King and singer Tony Bennett.

One of her rivals for attention was Sen. Eugene J. McCarthy, D-Minn., who is campaigning in opposition to President Johnson for the 1968 presidential nomination.

McCarthy was one of a score of senators and six governors to welcome Mrs. Kennedy to the $500-a-plate fund-raising dinner at the Plaza Hotel.

After the roast beef dinner, Sen. Robert F. Kennedy, D-N.Y., took note of the presence, along with himself, of his sister-in-law; his brother, Sen. Edward M. Kennedy, D-Mass., and his brother-in-law, Stephen Smith, husband of Jean Kennedy, by telling the 500 guests: "Welcome to the Kennedy Christmas party."

The senator added: "And now may I introduce the evening's guest of honor, Mrs. John F. Kennedy."

Mrs. Kennedy clad in a black minidress trimmed with sequins at the neckline, pockets and cuffs, stood up—and so did everyone else at dinner, to applaud the presidential widow.

There were no speeches at the affair, held to help the financially ailing Democratic state party, but there were introductions of some prominent guests and a word of thanks from Robert Kennedy.

The dinner proceeds were expected to put some $200,000 toward the state party's more than $300,000 debt.

After-dinner entertainment was provided by comedian Alan King and singer Tony Bennett.

Chester Lions To Honor Logston Thursday Night

J. Albert Logston of Newell, governor of Lions Club District 29-L, will be guest speaker during a district governor and "Ladies Night" function of the Chester club Thursday at 6:30 in the Chester American Legion Post home.

Logston has been a member of the Newell group since 1947 and has a perfect attendance record since that time.

On the district level, he has served as zone chairman, deputy district governor and as cabinet secretary - treasurer.

In Newell, Logston has been a member of the Christian Church 43 years; a scoutmaster 15 years; scout committeeman, and was on the original board of directors for Little League baseball. He has been employed by the Homer Laughlin China Co. 35 years and currently is production foreman.

He was elected district governor during the annual state convention at Bluefield in May and was installed during the international convention in Chicago.

Approximately 45 members, wives and visiting Lions from nearby clubs are expected to attend. Sayre W. Graham will serve as master of ceremonies. Three new members will be inducted during the event.

A dance will follow a meeting of the board of directors.

Members of the Chester club erected a Nativity scene at 4th St. and Carolina Ave. during the weekend.

Judges Named For Yule House Decorating Event

Judges have been selected for the Jaycees Home Decorating Contest, John Nicholson, chairman of the Christmas project, announced today.

Nicholson said several applications have been received, and reminded area residents anyone in the East Liverpool, Chester, Calcutta, Glenmoor and Newell areas may enter the competition.

Judges include Miss Kay Edwards, East Liverpool High School art instructor; Jack Horsley of Horsley Studio, and Don Eckert, operator of Eckert's Camera Mart.

Nicholson said an individual may file an entry for his neighbor's or friend's home in addition to his own. Entry blanks may be obtained from the Potters Lumber Co., Ohio Power Co., City Loan office or clipped from The Review.

Deadline for applications is Dec. 23. Judging will take place after Christmas, Nicholson said.

Prizes include a $100 savings bond for first, $50 savings bond for second and $25 gift certificate from Potters Lumber for third.

Driver Injured When Her Auto's Hit By Another

A Chester area teen-ager was injured Sunday afternoon when the car she was driving was struck from behind as it stopped near her home on Route 30.

Hancock sheriff's deputies said Karen Dennison, 18, of RD 1, daughter of Mr. and Mrs. Charles Dennison, had halted near the Laurel Heights Motel when her car was hit by an auto driven by Charles R. Rayburn Jr., 17, of 402 Jefferson St., Newell.

Miss Dennison was taken to City Hospital by her father, where she was treated for a neck injury and released.

Deputies estimated damage at $800 to both vehicles in the 4:30 accident.

Rayburn was cited for failing to have his vehicle under control.

No one was injured, but a utility pole was damaged, in a mishap early Sunday on Washington St., Newell.

Deputies reported the pole was struck by an auto operated by Teddy D. Sevek, 27, of 3634 E. 54th St., Cleveland, about 1:55 a.m., when he apparently went to sleep at the wheel.

His 1964 model auto received about $150 damage. Sevek was not cited.

Merchandise Loss In Blaze Set At $5,000

Fire destroyed some $5,000 in merchandise in a storage building at Bert's Market, 1812 Harvey Ave., over the weekend.

City firemen today said the blaze in the building, located behind the store, was caused by a lighted cigarette. The alarm was received at 6:30 p.m. Saturday.

The East End station sent the first truck to the scene, followed by another truck and the emergency unit from Central Station. All were back in service at 7:45 p. m.

The loss included eggs, motor oil, sugar and other produce and merchandise, firemen said. The interior of the building was burned, but the major damage was to the contents.

The market is owned by Bert Willison.

Talking Water Pipes

★ ★ ★ ★ ★ ★ ★ ★ ★

Some Possible Remedies Are Suggested

By ANDY LANG
AP Newsfeatures

"If it isn't one thing, it's another," said the man whose kids finally stopped talking back to him but who found himself facing a similar problem with his plumbing.

Talking water pipes are especially common in older houses, where any one of a dozen causes can bring on chattering, hammering, whistling, rumbling and assorted other noises.

Besides being annoying, each sound is symptomatic of an ailment that should be treated before it gets worse and eventfully results in a major repair bill.

Whether you correct the condition yourself or call in a plumber depends on the extent of the trouble, how handy you are and whether your local code permits a non-licensed person to fool around with pipes carrying water. In any case, it will help you to know the possible causes of the particular noise in your plumbing system.

—:—

IF YOU HEAR a kind of bang that sounds like someone has hit a pipe with a hammer — and it occurs when a faucet is shut off suddenly — it usually means that air chambers or shock absorbers are needed. Or there may be excessive water pressure, a condition that can be corrected with a pressure-reducing valve.

If, when the faucet is turned on partly, there is a whistling or chattering sound, the faucet washer may be loose, the entire assembly may be worn and need replacing or one of the pipes may be inadequately supported.

Check the washer and the assembly. If they seem okay, search along whatever beams and studs are visible until you find a point at which the pipe does not seem to be supported. Sometimes you will note that a suspension strap or hanger has come loose.

When the hot water is turned on and there is a rumbling usually in the area of the water heater, it may be that the water is too hot.

Turn down the control to between 140 and 160 degrees and see what happens. If that doesn't work, there may be a malfunctioning of the heater, in which case you'll have to call a plumber.

—:—

A SUCKING noise when water rushes down a sink or tub drain indicates a clogged vent, a lack of a vent or an improper vent. An antisiphon trap sometimes will end the noise, but some community codes insist on proper venting even if a tap is used.

Another nuisance, although not strictly in the area of noise, is the drip - drip of a cold water pipe during periods of high humidity.

This can be corrected relatively easily by wrapping some kind of covering around the pipe to prevent warm air from hitting it. Hardware stores, lumber yards, building supply dealers and some five-and-dime stores carry various types of coverings made especially for this purpose.

Paint May Be Answer To Your Gift Problem

Why not surprise the homemaker on your Christmas list with a canister set color - customed to her own kitchen? asks the National Paint, Varnish and Lacquer Association of Washington, D. C.

All you'll need are several clean coffee cans of various sizes (the new ones with popoff plastic tops are ideal) and a can of quality spray paint.

Choose a lively, gay color that will blend with the color scheme of her other kitchen accessories. If you have particular artistic prowess, you may wish to use a small brush to add an original design or label the individual canisters. When spruced up with holly and ribbons, these colorful cans also will make delightful containers for Christmas candy and cookies. And they'll be useful long after the last crumb of Christmas has disappeared.

Exciting gifts for teen-agers can be created by spraying everyday objects with the new "mod" colors. Some of your old costume jewelry may suddenly become quite "in" when painted shocking pink or bright green. Pack the jewelry in a special treasure chest — a cigar box sprayed to match!

Another idea: teen-agers may be more willing to keep their closets tidy if the clothes hangers have been given a lively coat of color. When used in such unique places, color can sometimes cause unusual results.

Surprise the pint - sized cyclist on your list by rejuvenating his tricycle or bicycle with a racy new coat of color. You'll find that almost any favorite toy can be made to look as if it had been pulled from Santa's bag, once it's been freshly spray painted. And, your child will take special pride in his wagon, lunch box, or toy chest after you've used a stencil to paint his name or initials onto them.

Look around. You'll find hundreds of items you can turn into that perfect gift for everyone on your shopping list. Before you start to spray, however, remember to clean the surface thoroughly — to strategically place your drop cloths for complete coverage in the area around you. . . .and to read the manufacturer's label directions carefully and follow them to the letter.

QUESTION: I was told that shellac dries very quickly. But I recently shellacked a bookcase. It not only didn't dry quickly, but it hasn't dried yet at this writing — and that's a week ago. What did I do wrong? And how can I correct it?

Answer: When shellac does not dry quickly or not at all, it is due to any one of a number of reasons or a combination of all. First, you may have used old shellac. Anything that has been around the house for more than a few months is suspect, since shellac deteriorates with age. Secondly, you may have applied the shellac under high humidity conditions. Or you may have put it on a surface which had either wax or oil on it.

Or — and this is the most usual reason — you may have used it just as it came from the container. It should be thinned with denatured alcohol. Using a cloth saturated in alcohol, rub the surface well until all traces of stickiness have disappeared. Then, using fresh shellac during dry conditions and thinned about 50 per cent with denatured alcohol, attack the bookcase again. You shouldn't have any trouble.

Father Of 7 Is Held In Shotgun Slaying

LANCASTER, Ohio (AP)—A father of seven children is being held for investigation in the shotgun death of another man, also the father of seven, Fairfield County deputy sheriff Dan Berry said Sunday night.

Berry said Melvin Tennant, 37, Fairfield County, has been jailed in connection with the death of Dannie Buchanan, 40, of near Carroll.

Buchanan was killed Saturday night by a blast from a 16-gauge shotgun, Berry said. His body was found in a parking lot outside a bar in Canal Winchester.

Tennant was arrested about an hour later in another bar in Carroll. Berry said a car and a shotgun were confiscated from Tennant. The two men had been arguing, apparently over a woman, Berry said.

Ideas Offered For Covering Of Old Vanity-Type Bureau

AP Newsfeatures

Question: We have an old vanity - type bureau. The top is pretty well beaten and I would like to cover it with plastic laminate. However, I do not have a power saw of any kind and I wonder whether I will be able to cut it satisfactorily to shape, since the top of the bureau has a curve to it.

Also, I wonder whether I CAN use plastic laminate on the bureau's sides, which also are curved, or whether I should use the plastic only on the top and refinish the rest.

—:—

ANSWER: Plastic laminate can be cut without a power saw, but you might be biting off more than you could chew if you attempted to cut a curve into it with a hand saw.

Therefore, your best bet is to select the kind and color of plastic laminate you want and then have the lumber dealer cut it to the proper shape. The cuting will cost you a little extra, but will be worth it.

Be sure to make a cardboard pattern of the bureau top so that it can be cut precisey. It appears that redoing the entire bureau in this fashion would be quite a job, although it can be done. Why not put on the new top, then if you like it and haven't found it too much of a problem, go ahead with the rest?

There are two ways to attach the top. One is with the use of a good quality adhesive that requires pressure while it is drying.

The other is with a contact cement, which adheres instantly without pressure. The advantage of the first type is that the plastic can be handled easier. For instance, it can be repositioned if not exactly in place the first time. If you use it, weight it down, such as with books, during the drying period.

The contact adhesive has the big advantage of bonding immediately without weights or clamps. However, it must be positioned very carefully, since it cannot be moved once it has been put into place.

If you decide to use the plastic laminate only on top of the bureau — and intend to refinish the rest of it — remember that you can buy the plastic with a "wood" finish to match whatever type of stain you use on the rest of the piece.

1,500 Workers Strike Plant At Cincinnati

CINCINNATI (AP)—Some 1,500 employes of two Formica Corp. plants went on strike early today, climaxing a year that has seen a series of work stoppages in Cincinnati.

Local 757 of the International Union of Electrical Workers struck the Formica plants in a contract dispute. An eight-hour bargaining session broke up Saturday without any agreement.

The Formica plants are in the Winton Place section and in suburban Evendale.

You Can Use Molding For Good Effects

By DOUGLAS TUOMEY

A great amount of home improvement is done by the average man in the course of the year, particularly when the weather changes and the need for outdoor work has ceased.

In many cases this improvement takes the form of cabinetwork, painting or other things which are not large in themselves but, taken all together, make a decided improvement in the overall appearance of the home.

Quite a bit of the cabinetwork is done with unfinished built-in furniture, which has improved in style and design over the last 10 years.

Often, the home mechanic who is fitting a new book cabinet or set of shelves against a wall finds he has a gap where the back or sides of the piece had been placed against the wall or in a corner and simply left to stand there.

A simple and inexpensive remedy for this stuation is the use of molding, plain or ornamental, around the back edges of top and sides. This fills in any openings caused by an uneven wall and lends a finished and workmanlike air to the project.

The use of molding will be effective in many other places, such as over a newly-tiled floor where it meets the baseboard, around windows and door trim which is skimpy and light or in any other spot that requires a bit of dressing up.

Quarter-round and half-round molding is usually used, but there are some 16 highly decorative, carved moldings available.

In general, length of life for rabbits is not more than 10 or 12 years, even when the species is protected.

ANSWER: Plastic laminate can be cut without a power saw, but you might be biting off more than you could chew if you attempted to cut a curve into it with a hand saw.

Therefore, your best bet is to select the kind and color of plastic laminate you want and then have the lumber dealer cut it to the proper shape. The cuting will cost you a little extra, but will be worth it.

Be sure to make a cardboard pattern of the bureau top so that it can be cut precisey. It appears that redoing the entire bureau in this fashion would be quite a job, although it can be done. Why not put on the new top, then if you like it and haven't found it too much of a problem, go ahead with the rest?

There are two ways to attach the top. One is with the use of a good quality adhesive that requires pressure while it is drying.

The other is with a contact cement, which adheres instantly without pressure. The advantage of the first type is that the plastic can be handled easier. For instance, it can be repositioned if not exactly in place the first time. If you use it, weight it down, such as with books, during the drying period.

The contact adhesive has the big advantage of bonding immediately without weights or clamps. However, it must be positioned very carefully, since it cannot be moved once it has been put into place.

If you decide to use the plastic laminate only on top of the bureau — and intend to refinish the rest of it — remember that you can buy the plastic with a "wood" finish to match whatever type of stain you use on the rest of the piece.

1,500 Workers Strike Plant At Cincinnati

CINCINNATI (AP)—Some 1,500 employes of two Formica Corp. plants went on strike early today, climaxing a year that has seen a series of work stoppages in Cincinnati.

Local 757 of the International Union of Electrical Workers struck the Formica plants in a contract dispute. An eight-hour bargaining session broke up Saturday without any agreement.

The Formica plants are in the Winton Place section and in suburban Evendale.

You Can Use Molding For Good Effects

By DOUGLAS TUOMEY

A great amount of home improvement is done by the average man in the course of the year, particularly when the weather changes and the need for outdoor work has ceased.

In many cases this improvement takes the form of cabinetwork, painting or other things which are not large in themselves but, taken all together, make a decided improvement in the overall appearance of the home.

Quite a bit of the cabinetwork is done with unfinished built-in furniture, which has improved in style and design over the last 10 years.

Often, the home mechanic who is fitting a new book cabinet or set of shelves against a wall finds he has a gap where the back or sides of the piece had been placed against the wall or in a corner and simply left to stand there.

A simple and inexpensive remedy for this stuation is the use of molding, plain or ornamental, around the back edges of top and sides. This fills in any openings caused by an uneven wall and lends a finished and workmanlike air to the project.

The use of molding will be effective in many other places, such as over a newly-tiled floor where it meets the baseboard, around windows and door trim which is skimpy and light or in any other spot that requires a bit of dressing up.

Quarter-round and half-round molding is usually used, but there are some 16 highly decorative, carved moldings available.

In general, length of life for rabbits is not more than 10 or 12 years, even when the species is protected.

Justice Dept. Puts Heat On Draft Law Violators

WASHINGTON (AP) — In putting the heat on draft law violators the Justice Department may also be re-establishing the line between criminal prosecution and administrative enforcement—a line which critics of draft chief Lewis B. Hershey say he tried to erase.

Hershey and Atty. Gen. Ramsey Clark announced jointly Saturday the Justice Department has directed all U.S attorneys to speed up draft law prosecutions and has set up a special coordinating unit to help them.

In an Oct. 26 letter to local draft boards, Lt. Gen. Hershey recommended—he is not legally authorized to order—that the boards lift the deferment of anyone interfering with the draft or military recruiting and put such persons at the top of the induction list. The rule was felt to be aimed principally at college students.

Hershey said at a Nov. 8 news conference: "If the Department of Justice wants to prosecute him we'll certainly yield jurisdiction."

That is what the Justice Department says it now intends to do, as quickly as possible.

Daniel O. Omer, deputy director and general counsel of the Selective Service System, said in a Sunday telephone interview that once the Justice Department takes an alleged violation to court, the case would be out of the hands of the draft board.

"Once a violator is convicted," Omer said, "he's classified 4-F—unqualified for military service—until he's finished his prison sentence, then his classification is reopened and he is put in any class he's eligible for."

"I don't see how you could possibly run a guy both ways," Omer said. "Either you try him or you put him through the delinquency process."

"Either one of the channels are open to the government," said Hershey in a separate interview.

The two channels, however, stem from different parts of the draft law and Saturday's joint statement spelled out each of them separately.

"It has long been the law," the statement said, "that a registrant who violates any duty affecting his own status (for example, giving false information, failing to appear for examination or failing to have a draft card) may be declared a 'delinquent' registrant by his local draft board."

Such a delinquency statement means priority induction into the military for the violator.

That sanction is authorized by Selective Service regulations issued by the President to carry out provisions of the Military Selective Service Act of 1967.

That basic law deals directly with certain other offenses including altering or destroying draft cards, interfering with the draft system, and influencing others not to serve. It provides for up to five years' imprisonment and a 10,000 fine on conviction.

Hershey's Oct. 26 letter urged draft boards to apply the delinquency procedure to those who violate the draft law in any way.

Critics charged Hershey was trying to use the draft to punish demonstrators and was overstepping his authority.

Sen. Edward M. Kennedy, D-Mass., said Hershey's recommendation would let draft boards "sit as both judge and jury." Supreme Court Justice Abe Fortas said, "Hershey is a law unto himself."

Potters Defeat Westinghouse 55-39 In Sloppy Game

Sports Whirled

By TURK PIERCE
Review Sports Editor

Duquesne seems on its way back to respectibility, if not powerhouse status, in basketball and one of the people most responsible for the resurgance of the Dukes is Bill Zopf of Monaca.

Zopf is the "quarterback" on the team, despite being only a sophomore. He brings the ball up court and directs the attack. He hit 23 points as the Dukes routed Pitt 100-66 to win the Steel Bowl in the Pittsburgh Civic Arena Saturday night and was presented with the Doc Carlsen Memorial Award as the most valuable player in the four-team tournament. Some Duquesne followers regard Zopf as the best prospect at the bluff since Farrell's Willie Somerset starred for the Red and Blue.

Somerset, by the way, is involved in a court battle concerning his eligibility to play in the American Basketball Association. The Scranton club of the Eastern League has filed an injunction to prohibit his playing with the Houston Mavericks.

THE CHESTER MICE ought to invite more Steelers to their banquets. Guest John Campbell picked off two interceptions yesterday and Mike Clark kicked a field goal, but their efforts weren't enough to save the hapless Pittsburgh club from another last-minute defeat.

EAST LIVERPOOL'S Vern Smith scored 20 points Saturday night as the Youngstown U. JVs. defeated Amost Esso.

ST. LOUIS WRITERS are saying that Stan Musial was forced out of his general manager's job with the Cardinals by owner Gussie Busch. It will be remembered that Busch fired Bing Devine (who is replacing Musial) as GM during the World Championship year of 1964. It seems that Busch who has plenty of beer wants a little egg in it.

JOSE PAGAN of the Pirates continues to lead the Puerto Rican league in hitting with a .383 mark and Juan Pizarro is a 4-2 with a 1.76 ERA in the same loop. Roberto Clemente, just starting play in the circuit, made his debut with a 4-for-4 day, including a home run.

In the Venezuelan League, Vic Davalillo of the Indians is third in batting with a .347 mark. Luis Tiant of the Tribe is second in ERA with a 1.15 figure, but his won-lost mark is only 2-3.

Diddle, M. Jones Again Pace Win

By TURK PIERCE
Review Sports Editor

The East Liverpool Potters won their second straight basketball game Saturday night at the M.A., downing Pittsburgh Westinghouse 55-39 in a rather sloppy contest.

Once again Earl Diddle and Mitchell Jones led the attack, with Diddle netting 14 points and Jones 13. Rick Steffen added 11, while Bob Brown paced the losers with 12.

Steffen and Jerry Christian got in early personal foul trouble, forcing Clint McConnell to go to his bench. The East Liverpool coach was not too happy about the play of his team, noting that the Potters' inexperience showed up glaringly on defense. Luckily, all Westinghouse seemed to be able to do was jump, as they turned over the ball 19 times and shot a poor 26 per cent from the field and 50 per cent from the foul line. The Bulldogs won the battle of the boards 50-46, but Jones was the individual leader with 14. Another Jones, Chris, had 13 retrieves for the losers and Leon Wallace added 11.

The Potters had less turnovers Saturday night than against Bellaire St. John's, 12 instead of 16, but they didn't seem to hav ethe drive they had displayed in the opening contest. The field goal shooting was worse, down to 33 percent, but the foul shooting picked up to 70 percent.

Westinghouse Coach Ed Fleming, former Niagara and NBA star, was quite disappointed in his teams' showing. He said that he had told his big men (Chris Jones and Darryl Brown, both 6-5) to stay inside and tip the ball, but that all they seemed to want to do was stay outside and shoot jump shots.

The Pittsburgh team led only briefly, a 2-1 and 4-2, and 11-point Potter tear at the end of the first and the beginning of the second periods gave them control of the game at 20-8. Jones made five points and Christian four during the streak. It never got closer than 10 points again and the biggest margins were 46-28 just as the fourth period opened and 55-37 just before the end of the game.

Diddle didn't make any hook shots, as he had the previous night, but made some fine driving lay - ups for scores.

Fleming, whose team had dropped its opener to powerful New Castle 81-56, said that the Red Hurricanes had impressed his as a better ball club than the Potters. Of East Liverpool's showing Saturday night McConnell might tend to agree with him.

McMeans Hits 40 For Zips

COLUMBIANA — The Columbiana Clippers dropped their first home game of the season Saturday night to a North Lima team led by Bill McMeans' 40 points.

The Clippers, now 2-1, led 64-63 with a minute to go but McMeans made a three-point play and the Zippers, 2-2, rolled to a 70-66 triumph. The 6-6 North Lima pivotman made most of his points on short shots.

George Vestfals led the losers with 16 while Don Gaughn had 15, Bill Gela 13 and Dave Morris 11. Vestfals had 11 rebounds. Both teams hit an excellent 44 per cent as Columbiana worked the fast break well.

The home team won the reserve game 64-31 and Dave McGucken and Dave Oliver led the way with 12 and 11 points respectively.

Southern Drops 4th To Springfield Local

Southern Local went to its fourth straight defeat Saturday night by a 77-56 score to a visiting Springfield Local team.

Rob Carter had 17 and George Thompson 13 to lead the losers. Ken Gordon netted 25 and Jack McConnaughy added 16 for Springfield, now 3-0, all in Buckeye Border Conference play.

The Tigers hit a fantastic 61 per cent, canning 33 field goals on 54 attempts. The shots went in from all over the court. Southern managed a respectable 38 per cent, but was cold at the foul line, making on 37.5 per cent there. Bob Smith and Frank Francis led the Indians in rebounding with seven each.

In an overtime contest Springfield took the reserve game 50-43. Starr had 18 for the winners and Ron Malone and Jim Bettis had nine each for Southern.

EL Reserves Win Second On Late Rally

The East Liverpool reserve basketball team won its second straight Saturday night by topping the Pittsburgh Westinghouse reserves 54-46 at the M.A.

The Little Potters trailed 46-44 but held their opponents scoreless over the last 3½ minutes to pull out the win. Al Parson led the winners with 13 points and Jim Massey and Kim Kemple added 12 each. Massey made the tying and go-ahead buckets with about 2:30 to go and Parson, Tom Emmerling and Kemple closed out the scoring.

The home club never led until a six - point streak, four of the points by Kemple put them on top 21-17 near the end of the half and later 38-31, but three quick baskets by Turban Jacobs, who scored 20 points to take game honors, made it 38-37 and after a bucket by Massey the visitors scored five more in a row, four by Jacobs, to take a 52-50 lead as the last period started. But Jacobs, the only good shot on the team, then fouled out, and the rest of the visitors, now 0-2, couldn't find the range.

Allen Simpson, a 6-6 giant, did his best for Westinghouse with 10 points and 22 rebounds, but he had a little help on the boards and the final rebound count was 56-55 in favor of Westinghouse. Melvin had 11 to pace the Little Potter boardmen. East Liverpool hit 45 per cent from the field and 35 per cent from the foul line. The losers connected on 27 per cent from the floor and 36 per cent from the charity stripe.

State Probes St. Joseph's Grid Charges

East Liverpool High School has been questioned by the Ohio High School Athletic Association concerning charges made by Cleveland St. Joseph's to the OHSAA following the football game between the schools here Nov. 3.

Of all the charges made by St. Joseph's, the OHSAA indicated to East Liverpool that only two bear worth looking into. St. Joseph's claimed that it did not get a chance to approve the officials, but East Liverpool Principal Clifford Lynch says that St. Joseph's signed a paper approving the officials. The other charge was that St. Joseph's rooters were pelted with eggs and rocks by East Liverpool fans, but no evidence of this has been uncovered by school authorities.

Lynch also revealed that the school received a letter from the ethics committee of the state football coaches association noting that East Liverpool was getting a reputation as an unethical football school and for the school to try to improve its image. No specific incidents or remedies were mentioned.

Lynch went on to say that he was getting a little tired of vague charges brought against East Liverpool High and mentioned that ELHS had not protested an incident at Alliance where a Potter rooter's car was overturned by Alliance fans.

Wellsville Rally Tops JU

Wellsville broke a 25-25 tie early in the third period with a run of 17 points and went on to down Jefferson Union 68-48 in a Buckeye Border Conference game at Wellsville Saturday night.

The Yellowjackets led the whole first half, taking a 23-18 advantage to the dressing room at halftime, but the Tigers came out like Tigers in the third period and quickly went ahead, slipped into a tie and then were off to the races. Paul Hood made the go - ahead bucket. A strong full - court press by Bob Dawson's club turned the tide of the game.

Tom McClain led the winners with 17 points and 30 rebounds. The 6-2 center is now averaging 24 rebounds a game. Jerry Wyse added 15 markers and 11 rebounds, Dan Sedar had 13 and 11 and Mark Poweli pumped in 12 points.

Bob Harris had 14 for the losers, and Tom Stinnard added 11. JU is now 2-2, 1-2 in league play, and Wellsville 3-1, 1-1 in loop competiion.

Wellsville also won the reserve contest, 59-35, for the fourth straight win for the reserves. JU is 1-3. Rich Ross had 16 and Paul Martin and Bill Miller 12 each. Tim Blanton and Bruce Clark paced the JU reserves with 11 each.

Springfield Local Trips East Palestine Bulldogs

EAST PALESTINE — The East Palestine Bulldogs suffered their first loss of the basketball season after two wins as visiting Springfield Local (Mahoning) triumphed 81-67 Saturday night.

John Kennedy fired in 35 for the visitors and was helped by Grant Parks with 23 and Dave Gillam with 13. Dan McKinstry led the Bulldogs with 22 and Joe Lewis added 17 and Jim Taucher 12.

A big second period was the difference for the winners. EP closed to 70-65 near the end of the game but Springfield drew away. The winners hit 45 per cent and the losers 43 per cent. Springfield is also now 2-1 on the year.

Springfield also won the reserves contest by a 52-45 margin. Teddy Reese had 18 for the home team and Ron Pekkanean 12 for the winners.

Potters Defeat Westinghouse 55-39 In Sloppy Game

Sports Whirled

By TURK PIERCE
Review Sports Editor

Duquesne seems on its way back to respectibility, if not powerhouse status, in basketball and one of the people most responsible for the resurgance of the Dukes is Bill Zopf of Monaca.

Zopf is the "quarterback" on the team, despite being only a sophomore. He brings the ball up court and directs the attack. He hit 23 points as the Dukes routed Pitt 100-66 to win the Steel Bowl in the Pittsburgh Civic Arena Saturday night and was presented with the Doc Carlsen Memorial Award as the most valuable player in the four-team tournament. Some Duquesne followers regard Zopf as the best prospect at the bluff since Farrell's Willie Somerset starred for the Red and Blue.

Somerset, by the way, is involved in a court battle concerning his eligibility to play in the American Basketball Association. The Scranton club of the Eastern League has filed an injunction to prohibit his playing with the Houston Mavericks.

THE CHESTER MICE ought to invite more Steelers to their banquets. Guest John Campbell picked off two interceptions yesterday and Mike Clark kicked a field goal, but their efforts weren't enough to save the hapless Pittsburgh club from another last-minute defeat.

EAST LIVERPOOL'S Vern Smith scored 20 points Saturday night as the Youngstown U. JVs. defeated Amost Esso.

ST. LOUIS WRITERS are saying that Stan Musial was forced out of his general manager's job with the Cardinals by owner Gussie Busch. It will be remembered that Busch fired Bing Devine (who is replacing Musial) as GM during the World Championship year of 1964. It seems that Busch who has plenty of beer wants a little egg in it.

JOSE PAGAN of the Pirates continues to lead the Puerto Rican league in hitting with a .383 mark and Juan Pizarro is a 4-2 with a 1.76 ERA in the same loop. Roberto Clemente, just starting play in the circuit, made his debut with a 4-for-4 day, including a home run.

In the Venezuelan League, Vic Davalillo of the Indians is third in batting with a .347 mark. Luis Tiant of the Tribe is second in ERA with a 1.15 figure, but his won-lost mark is only 2-3.

Diddle, M. Jones Again Pace Win

By TURK PIERCE
Review Sports Editor

The East Liverpool Potters won their second straight basketball game Saturday night at the M.A., downing Pittsburgh Westinghouse 55-39 in a rather sloppy contest.

Once again Earl Diddle and Mitchell Jones led the attack, with Diddle netting 14 points and Jones 13. Rick Steffen added 11, while Bob Brown paced the losers with 12.

Steffen and Jerry Christian got in early personal foul trouble, forcing Clint McConnell to go to his bench. The East Liverpool coach was not too happy about the play of his team, noting that the Potters' inexperience showed up glaringly on defense. Luckily, all Westinghouse seemed to be able to do was jump, as they turned over the ball 19 times and shot a poor 26 per cent from the field and 50 per cent from the foul line. The Bulldogs won the battle of the boards 50-46, but Jones was the individual leader with 14. Another Jones, Chris, had 13 retrieves for the losers and Leon Wallace added 11.

The Potters had less turnovers Saturday night than against Bellaire St. John's, 12 instead of 16, but they didn't seem to hav ethe drive they had displayed in the opening contest. The field goal shooting was worse, down to 33 percent, but the foul shooting picked up to 70 percent.

Westinghouse Coach Ed Fleming, former Niagara and NBA star, was quite disappointed in his teams' showing. He said that he had told his big men (Chris Jones and Darryl Brown, both 6-5) to stay inside and tip the ball, but that all they seemed to want to do was stay outside and shoot jump shots.

The Pittsburgh team led only briefly, a 2-1 and 4-2, and 11-point Potter tear at the end of the first and the beginning of the second periods gave them control of the game at 20-8. Jones made five points and Christian four during the streak. It never got closer than 10 points again and the biggest margins were 46-28 just as the fourth period opened and 55-37 just before the end of the game.

Diddle didn't make any hook shots, as he had the previous night, but made some fine driving lay - ups for scores.

Fleming, whose team had dropped its opener to powerful New Castle 81-56, said that the Red Hurricanes had impressed his as a better ball club than the Potters. Of East Liverpool's showing Saturday night McConnell might tend to agree with him.

Lynch went on to say that he was getting a little tired of vague charges brought against East Liverpool High and mentioned that ELHS had not protested an incident at Alliance where a Potter rooter's car was overturned by Alliance fans.

Springfield Local Trips East Palestine Bulldogs

EAST PALESTINE — The East Palestine Bulldogs suffered their first loss of the basketball season after two wins as visiting Springfield Local (Mahoning) triumphed 81-67 Saturday night.

John Kennedy fired in 35 for the visitors and was helped by Grant Parks with 23 and Dave Gillam with 13. Dan McKinstry led the Bulldogs with 22 and Joe Lewis added 17 and Jim Taucher 12.

A big second period was the difference for the winners. EP closed to 70-65 near the end of the game but Springfield drew away. The winners hit 45 per cent and the losers 43 per cent. Springfield is also now 2-1 on the year.

Springfield also won the reserves contest by a 52-45 margin. Teddy Reese had 18 for the home team and Ron Pekkanean 12 for the winners.

Southern Drops 4th To Springfield Local

Southern Local went to its fourth straight defeat Saturday night by a 77-56 score to a visiting Springfield Local team.

Rob Carter had 17 and George Thompson 13 to lead the losers. Ken Gordon netted 25 and Jack McConnaughy added 16 for Springfield, now 3-0, all in Buckeye Border Conference play.

The Tigers hit a fantastic 61 per cent, canning 33 field goals on 54 attempts. The shots went in from all over the court. Southern managed a respectable 38 per cent, but was cold at the foul line, making on 37.5 per cent there. Bob Smith and Frank Francis led the Indians in rebounding with seven each.

In an overtime contest Springfield took the reserve game 50-43. Starr had 18 for the winners and Ron Malone and Jim Bettis had nine each for Southern.

Browns Beat Cards 20-16, Clinch Century Division

Rams, Colts Vie In Coastal Race

By DICK COUCH
Associated Press Sports Writer

Jim Houston, Cleveland's 245-pound super-thief, has picked the lock to the Century throneroom, leaving only one divisional battle still raging in the National Football League — the Coastal war between Baltimore's unbeaten Colts and Los Angeles' relentless Rams.

Linebacker Houston intercepted a fourth-quarter pass Sunday and lumbered 18 yards for the decisive touchdown as the Browns clinched the Century Division crown with a 20-16 victory over St. Louis.

A week ago, Houston's 79-yard scoring run with another pass theft put the wraps on a 24-14 victory over New York that eliminated the Giants from the Century race.

While the Browns joined Green Bay's Central champs and Dallas' Capitol kings in the NFL semifinal playoff bracket, the Colts whipped New Orleans 30-10, running their unbeaten string to 13 games and setting up next Sunday's Coastal showdown with Los Angeles.

The Rams stayed alive Saturday by blocking a Green Bay punt in the final minute and scoring with 34 seconds to play for a 27-24 nod over the Packers. They tied the Colts in an earlier meeting and are one game off the pace going into the finale in title-frantic Los Angeles.

In Sunday's other NFL games, Dallas drubbed Philadelphia 38-17; San Francisco outscored Atlanta 34-28; Detroit smacked New York 30-7; Washington edged Pittsburgh 15-10 and Chicago and Minnesota played to a 10-10 deaadlock.

The Browns led 13-9 when Houston, a rugged, eight-year pro, batted a Jim Hart pass into the air, grabbed the ball on the fly and raced across untouched. Those six points stood up for Cleveland despite Hart's 15-yard TD pass to Jackie Smith late in the period. A desperate 41-yard pitch from Hart to Smith carried to the Browns' 18 as time ran out.

Frank Ryan's 38-yard scoring pass to Paul Warfield and two field goals by Lou Groza offset three three-pointers by St. Louis' Jim Bakken before Houston came up with the big play for the Browns.

The Colts rolled to their 11th victory—they have tied two—despite a sub-par performance by quarterback Johnny Unitas, who completed 10 of 24 passes for 148 yards and failed to connect for a touchdown.

Baltimore's tough defense set up short scoring thrusts by Tony Lorick, Tom Matte and Jerry Hill, however, and Lou Michaels booted three field goals as the Colts continued their drive to become the first NFL team to go without a loss since the 1942 Chicago Bears.

Dan Reeves caught a five-yard touchdown pass from Craig Morton and threw a 45-yard scoring strike to Lance Rentzel, triggering the Cowboys' romp over Philadelphia.

Eagles center Jim Ringo started his 181st consecutive game, setting an all-time pro record.

George Mira, making his first start this year, flippd two touchdown passes as the 49ers held off the Falcons and snapped a six-game losing string. Randy Johnson, held in check in the first half, kept Atlanta in the game with three TD passes after intermission.

Karl Sweetan led the Lions past New York with three scoring passes. The Detroit defense shut off Fran Tarkenton, who hit on only three of 16 pass attempts and was thrown four times for losses of 63 yards.

Sonny Jurgensen, stymied most of the game by Pittsburgh's defense, got off a 33-yard touchdown pass to Charlie Taylor with less than three minutes remaining to bring the Redskins from behind. After Taylor scored the go-ahead touchdown, Paul Krause stopped the Steelers' last-ditch drive with his third interception of the game.

A 25-yard, fourth quarter field goal by Fred Cox earned Minnesota its third tie of the season and nullified brilliant, muddy-field running display by the Bears' Gale Sayers. Sayers splashed for 131 yards in 20 carries, scored Chicago's touchdown on a seven-yard run and set up Mac Percival's field goal with a 38-yard dash.

BEAMING BROWNS. Quarterback Frank Ryan, (left), who hit 8 of 15 passes for one TD, and defensive end Jim Houston, whose interception return in the last period won the game, smile after the Browns had beaten the Cardinals 20-16 to wrap up the Century Division title. (UPI Telephoto)

Oakland Sews Up AFL West

By ED SCHUYLER JR.
Associated Press Sports Writer

An accurate toe and a good passing arm are a tough combination to beat in football—even when they belong to different men who are of different generations.

This was the case Sunday when the kicking of George Blanda and the passing of Bob Griese combined to give Oakland the Western Division championship of the American Football League.

Blanda, who broke in professionally with the Chicago Bears in 1949, booted four field goals in five tries in leading Oakland to a 19-7 victory over Houston.

Griese, who was hardly strong enough to hold a football in 1949, passed for two touchdowns as Miami upset San Diego 41-24.

Oakland's victory gave the Raiders an 11-1 record and a 2½-game lead over San Diego. It also kept Houston, 7-4-1, from breaking a first-place tie in the Eastern Division with the New York Jets, who lost 21-7 to Kansas City in the only other Sunday game. Buffalo trounced Boston 44-16 Saturday.

The 40-year-old Blanda, who quarterbacked Houston to two AFL titles and was No. 1 at the position for most of seven seasons before being dropped by the club after last year, was feeling higher than some of his kicks.

"This was fantastic, the best day of my career, to come back here and show all these rube fans that the booing doesn't bother the old man."

Blanda was roundly booed the first time he went on the field, but it took more than boos to stop him Sunday.

Trailing 7-0 at halftime, Oakland got started with Blanda's 12-yard field goal in the third period and took a 9-7 lead after Blanda booted three-pointers of 32 and 31 yards in the final period.

The Raiders sewed it up when Hewritt Dixon raced 27 yards for a touchdown and Blanda kicked a 45-yarder. Houston scored in the second quarter on a 28-yard pass from Pete Beathard to Hoyle Granger.

Blanda, signed as a free agent by Oakland for his kicking and insurance quarterbacking, also kicked himself into the AFL scoring lead with 47 conversions and 19 of 28 field goals for 104 points.

Griese passed Miami into a 17-13 lead by hitting Doug Moreau for 10 yards, and then the 22-year-old rookie showed he could use his feet, too, by scoring on a one-yard run.

After San Diego closed to within 27-24, Griese passed 13 yards to Howard Twilley for a TD.

Kansas City broke a scoreless tie against the Jets with third-period touchdowns on Curtis McClinton's one-yard run and an 11-yard pass from Len Dawson to Chris Burford. The Chiefs clinched it on Fred Williamson's 77-yard return of an intercepted pass for a TD to make it 21-0 in the fourth quarter.

Pierce Posts 9-1 Mark, Leads Yogis After Week

Despite the solidarity of the selections for the first week, the Review Yogis established a definite pecking order after the results had been tabulated.

Turk Pierce emerged on top with a 9-1 mark, missing only on Oak Glen's 55-53 win over Morgantown. Pierce was the only one to pick Leetonia's 66-56 win over United. The consensus and Tom Futhey missed only on these two games for 8-2 marks.

Bob Duffy also missed on Southern Local, a 76-55 loser to Springfield Local (Jefferson), for a 7-3 mark and third place. Bob Shaffer was with Springfield, but fell with Midland, a 74-47 loser to Johnstown Bishop McCort, and Bellaire St. John's, a 68-54 loser to East Liverpool. He posted a 6-4 mark.

On the bottom, with a 5-5 record, was Rose Nuzzo, who picked against Wellsville both nights. The Tigers came through 73-58 over Lisbon and 68-48 over Jefferson Union. Nuzzo was also wrong with Southern Local, United and Morgantown.

Everyone was right on Beaver Local, winners 86-62 over North Lima and 95-62 over Crestview, and on East Liverpool in their 55-39 defeat of Westinghouse.

Standings	W	L	Pct.
Pierce	9	1	.900

The Raiders sewed it up when Hewritt Dixon raced 27 yards for a touchdown and Blanda kicked a 45-yarder. Houston scored in the second quarter on a 28-yard pass from Pete Beathard to Hoyle Granger.

Blanda, signed as a free agent by Oakland for his kicking and insurance quarterbacking, also kicked himself into the AFL scoring lead with 47 conversions and 19 of 28 field goals for 104 points.

Griese passed Miami into a 17-13 lead by hitting Doug Moreau for 10 yards, and then the 22-year-old rookie showed he could use his feet, too, by scoring on a one-yard run.

After San Diego closed to within 27-24, Griese passed 13 yards to Howard Twilley for a TD.

Kansas City broke a scoreless tie against the Jets with third-period touchdowns on Curtis McClinton's one-yard run and an 11-yard pass from Len Dawson to Chris Burford. The Chiefs clinched it on Fred Williamson's 77-yard return of an intercepted pass for a TD to make it 21-0 in the fourth quarter.

Pierce Posts 9-1 Mark, Leads Yogis After Week

Despite the solidarity of the selections for the first week, the Review Yogis established a definite pecking order after the results had been tabulated.

Turk Pierce emerged on top with a 9-1 mark, missing only on Oak Glen's 55-53 win over Morgantown. Pierce was the only one to pick Leetonia's 66-56 win over United. The consensus and Tom Futhey missed only on these two games for 8-2 marks.

Bob Duffy also missed on Southern Local, a 76-55 loser to Springfield Local (Jefferson), for a 7-3 mark and third place. Bob Shaffer was with Springfield, but fell with Midland, a 74-47 loser to Johnstown Bishop McCort, and Bellaire St. John's, a 68-54 loser to East Liverpool. He posted a 6-4 mark.

On the bottom, with a 5-5 record, was Rose Nuzzo, who picked against Wellsville both nights. The Tigers came through 73-58 over Lisbon and 68-48 over Jefferson Union. Nuzzo was also wrong with Southern Local, United and Morgantown.

Everyone was right on Beaver Local, winners 86-62 over North Lima and 95-62 over Crestview, and on East Liverpool in their 55-39 defeat of Westinghouse.

Standings	W	L	Pct.
Pierce	9	1	.900
Futhey	8	2	.800
Consensus	8	2	.800

Bell, Toot, Taucher Named All-Northeast

Three county players have made first team AP all - Northeast in balloting by sports writers in that area.

They are Jim Taucher of East Palestine, an end on the AA team; Dan Bell of Leetonia, a back on the A team; and Gary Toot of Lisbon, a defensive back on the A team.

On the second team, Class A, were offensive backs Tom Wood of United and Bill Ward of Columbiana and defensive back Randy McBride of Crestview.

Numerous East Liverpool opponents and Youngstown area players were menitoned on the AA teams. Tackle Paul Lisko of Ursuline, guard Cliff Roberts of Warren Western Reserve and quarterback Lou Angelo of Chaney made first team offense; while end Tom McCreight of Cleveland St. Joseph's and back Lionel Grimes of Alliance made first team defense.

Named to the second team offense were guard Jim Pietra and Chaney and back Vince Julian of Ursuline, while the second team defense included ends Bob Susor of Mooney and Finis Dailey of Alliance and linebacker Dan Wanick of Boardman.

Among the numerous honorable mentions were Bob Mogulich of Mooney, Doug Hever of Boardman, Rick Banks of Woodrow Wilson, Julius Livan of South, Ken Mogish of Chaney, Don Cramb of South, Chip Zietello of Chaney, Larry Wire of Boardman, Al Hutko of Mooney, Bob Matey of Chaney, John Young of Mooney, Steve Betz of Minerva, Randy Lear and Kurt Utterbeck of Alliance, Terry Walker of Minerva and Dan Kobie and Ron Boyland of Cleveland St. Jospeh's.

Dom Armeni of Mineral Ridge was a first team defensive tackle on the Class A squad.

Fight Results

MOUNDSVILLE, W. Va. — Gene Young, 125, Moundsville, W. Va., knocked out Ray Clark, 122, Cincinnati, 2.

Beaver Local Wins 4th

Beaver Local swept to its fourth straight win of the season by blitzing Crestview 95-62 at Beaver Local Saturday night.

Six Beaver players hit double figures with Dave Mason leading the way with 21. Jim Reese had 15, Rex Campbell 13, Mike Piatt 11 and Bob Flint and Joe Petkovich 10 each. Jerry Ray led the Rebels with 14 and Randy McBride added 11.

The Beavers were hot from the field, hitting 51 per cent to 35 per cent by the losers, now 2-2. Campbll had 12 rebounds and Mason 10 to lead the Beaver boardman.

In the reserve game the Beavers were also victorious, 55-25, as Phil Hickman got 14 for the winners and Chellis eight for Crestview.

UCLA, Houston Keep Rolling

Kansas, Louisville Upset

By BOB GREEN
Associated Press Sports Writer

Johnny Wooden didn't say so, but he may have been thinking of Houston.

"Although I feel the Bruins would win over any opponent in a series of games on a neutral court," said the coach of top-ranked and unbeaten UCLA, "I know quite well the hazards that often befall visiting teams and the possibility of good teams coming up with great nights."

Wooden's juggernaut rolled over Iowa State 121-80 Saturday night, making the Cyclones their 37th consecutive victim and third this year. And it left Iowa State Coach Glen Anderson shaking his head in bewilderment.

"They're the finest college basketball team I've ever seen," he said.

Lew Alcindor tossed in 45 points and five other Bruins scored in double figures.

Houston, ranked No. 2 in the nation, scored its fourth straight victory, beating Illinois 54-46 at Champaign with Elvin Hayes scoring 25 points.

Houston and UCLA meet Jan. 20 in the Astrodome, a game that could set a college basketball attendance record.

UCLA is idle this week, while Houston plays in its own Bluebonnet Classic Wednesday and Thursday. The Cougars' first round opponent is George Washington.

While UCLA and Houston rolled along as expected, three other members of the Top Ten suffered upsets in Saturday action. No. 3 Louisville and No. 4 Kansas were upset in a doubleheader at Chicago while No. 5 North Carolina lost to eighth-ranked Vanderbilt 89-76 at Nashville, Tenn.

Chicago Loyola tumbled Kansas 83-73 and unheralded Northwestern stunned Louisville 88-83 in the Chicago doubleheader.

All other top ten teams in action won, No. 7 Purdue rebounding from a Friday defeat by Washington and beating the same team 84-77. Rick Mount scored 30 points for the winners.

Kentucky, No. 9, playing at home, pushed its record to 4-0 with a 64-49 triumph over Penn while No. 10 Boston College beat Connecticut 76-70 on the road.

West Branch Tops Lisbon

Lisbon dropped its second straight basketball game 70-45 at West Branch Saturday night.

Mike Rutecki with 16 and Bill Hartman with 10 led the losers while Phil Boron had 26, Dean Wayt 18 and John Runzo 10 for the winners, now 1-2.

West Branch also took the reserve game 48-44 as Wartluft had 21 for the winners and Jim Taylor 13 for the losers.

Bob Gibson Steps Down

Bob Gibson, former head football coach at East Liverpool High School, announced his resignation as head coach at Bowling Green today.

Gibson had a 19-9 record for three seasons with the Falcons. Before taking the head coaching job he had served as an assistant to Doyt Perry for nine years.

Gibson coached at East Liverpool in 1953, 1954 and 1955. His last team went 10-0, but his three year record was only 16-14. Prior to coming to East Liverpool he had coached at Leetonia.

W. Virginia Racing Dates Scheduled

The West Virginia Racing Commission today announced dates for the 1968 thoroughbred racing season in the northern panhandle, which embraces Waterford Park and Wheeling Downs.

The pattern is much the same as 1967 for Waterford, which is currently nearing the completion of its long 1967 session. The closing date is Saturday, December 30. For Wheeling, which is to re-open on New Years Day, January 1, 1968, there will be nine days of racing in the last month of 1968.

Waterford will have a total of 254 racing programs. The Waterford 1968 season will start on Saturday, February 17 and continue 90 days and nights of racing through Saturday, June 1. Of this number the first 37 programs will be run in the afternoon from Saturday, Feb. 1 thru Saturday March 30. Then the racing programs will switch to nights. There will not be any racing on Good Friday, April 12, 1967.

Waterford meeting Number 2 of 77 nights starts Wednesday, June 5 and runs through Labor Day, Monday, September 2. The third and final meeting gets underway on Friday, September 6 and runs through Monday, December 16. The following Friday, December 20 Wheeling opens for a nine - day stand through Tuesday, December 31.

During the third meeting at Waterford the opening stages will be run as night programs with the final month of racing in the afternoon following the close of the Cleveland tracks.

Carl Crennell Second Team A-A Choice

NEW YORK (AP) — Linebacker Carl Crennell of West Virginia was named to the All-America second team defensive squad, and four other Mountaineers received honorable mention.

The four are kickoff and punt return specialist John Mallory, linebacker Danny Williamson,, defensive tackle George Henshaw and kicking specialist Ken Juskowich.

Crennell, a sophomore, drew praise from many opposing coaches. After the Mountaineers closed the season by whipping Davidson to win the Southern Conference championship, Davidson Coach Homer Davis termed Crennel "as good a linebacker as we've seen all year."

Juskowich was among the nation's leading scorers a good part of the season and took headlines when he kicked five field goals in the Mountaineers' 15-0 victory over Pittsburgh.

UCLA, Houston Keep Rolling

Kansas, Louisville Upset

By BOB GREEN
Associated Press Sports Writer

Johnny Wooden didn't say so, but he may have been thinking of Houston.

"Although I feel the Bruins would win over any opponent in a series of games on a neutral court," said the coach of top-ranked and unbeaten UCLA, "I know quite well the hazards that often befall visiting teams and the possibility of good teams coming up with great nights."

Wooden's juggernaut rolled over Iowa State 121-80 Saturday night, making the Cyclones their 37th consecutive victim and third this year. And it left Iowa State Coach Glen Anderson shaking his head in bewilderment.

"They're the finest college basketball team I've ever seen," he said.

Lew Alcindor tossed in 45 points and five other Bruins scored in double figures.

Houston, ranked No. 2 in the nation, scored its fourth straight victory, beating Illinois 54-46 at Champaign with Elvin Hayes scoring 25 points.

Houston and UCLA meet Jan. 20 in the Astrodome, a game that could set a college basketball attendance record.

UCLA is idle this week, while Houston plays in its own Bluebonnet Classic Wednesday and Thursday. The Cougars' first round opponent is George Washington.

While UCLA and Houston rolled along as expected, three other members of the Top Ten suffered upsets in Saturday action. No. 3 Louisville and No. 4 Kansas were upset in a doubleheader at Chicago while No. 5 North Carolina lost to eighth-ranked Vanderbilt 89-76 at Nashville, Tenn.

Chicago Loyola tumbled Kansas 83-73 and unheralded Northwestern stunned Louisville 88-83 in the Chicago doubleheader.

All other top ten teams in action won, No. 7 Purdue rebounding from a Friday defeat by Washington and beating the same team 84-77. Rick Mount scored 30 points for the winners.

Kentucky, No. 9, playing at home, pushed its record to 4-0 with a 64-49 triumph over Penn while No. 10 Boston College beat Connecticut 76-70 on the road.

West Branch Tops Lisbon

Lisbon dropped its second straight basketball game 70-45 at West Branch Saturday night.

Mike Rutecki with 16 and Bill Hartman with 10 led the losers while Phil Boron had 26, Dean Wayt 18 and John Runzo 10 for the winners, now 1-2.

West Branch also took the reserve game 48-44 as Wartluft had 21 for the winners and Jim Taylor 13 for the losers.

Bob Gibson Steps Down

Bob Gibson, former head football coach at East Liverpool High School, announced his resignation as head coach at Bowling Green today.

Gibson had a 19-9 record for three seasons with the Falcons. Before taking the head coaching job he had served as an assistant to Doyt Perry for nine years.

Gibson coached at East Liverpool in 1953, 1954 and 1955. His last team went 10-0, but his three year record was only 16-14. Prior to coming to East Liverpool he had coached at Leetonia.

W. Virginia Racing Dates Scheduled

The West Virginia Racing Commission today announced dates for the 1968 thoroughbred racing season in the northern panhandle, which embraces Waterford Park and Wheeling Downs.

The pattern is much the same as 1967 for Waterford, which is currently nearing the completion of its long 1967 session. The closing date is Saturday, December 30. For Wheeling, which is to re-open on New Years Day, January 1, 1968, there will be nine days of racing in the last month of 1968.

Waterford will have a total of 254 racing programs. The Waterford 1968 season will start on Saturday, February 17 and continue 90 days and nights of racing through Saturday, June 1. Of this number the first 37 programs will be run in the afternoon from Saturday, Feb. 1 thru Saturday March 30. Then the racing programs will switch to nights. There will not be any racing on Good Friday, April 12, 1967.

Waterford meeting Number 2 of 77 nights starts Wednesday, June 5 and runs through Labor Day, Monday, September 2. The third and final meeting gets underway on Friday, September 6 and runs through Monday, December 16. The following Friday, December 20 Wheeling opens for a nine - day stand through Tuesday, December 31.

During the third meeting at Waterford the opening stages will be run as night programs with the final month of racing in the afternoon following the close of the Cleveland tracks.

Carl Crennell Second Team A-A Choice

NEW YORK (AP) — Linebacker Carl Crennell of West Virginia was named to the All-America second team defensive squad, and four other Mountaineers received honorable mention.

The four are kickoff and punt return specialist John Mallory, linebacker Danny Williamson,, defensive tackle George Henshaw and kicking specialist Ken Juskowich.

Crennell, a sophomore, drew praise from many opposing coaches. After the Mountaineers closed the season by whipping Davidson to win the Southern Conference championship, Davidson Coach Homer Davis termed Crennel "as good a linebacker as we've seen all year."

Juskowich was among the nation's leading scorers a good part of the season and took headlines when he kicked five field goals in the Mountaineers' 15-0 victory over Pittsburgh.

ORDINANCE NUMBER 41, 1967.
AN ORDINANCE TO PROVIDE FOR EXTRA COMPENSATION FOR THE FOREMAN OF THE STREET DEPARTMENT.
BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That the compensation of the Foreman of the Street Department shall be $510.00 per month; provided that in the event he is called out for duty at times other than during the time of his regular work, with the approval of the Director of Public Service-Safety he shall be paid for said irregular hours worked at the rate of $3.00 per hour.

SECTION 2. This ordinance is hereby declared to be an emergency measure and shall take effect immediately upon passage and approval. Said emergency lies in the fact that the season for additional hours of work for the street department is present and it is necessary to correct the inequities existing so that supervision of the employees of said department will be assured and this action is necessary for the immediate preservation of the peace, health and safety of the citizens.

Today In History

By The Associated Press

Today is Monday, Dec. 11, the 345th day of 1967. There are 20 days left in the year.

Today's highlight in history:

On this date in 1941, four days after Japan's attack on Pearl Harbor, Germany and Italy declared war against the United States.

On this date:

In 1816, Indiana, the 19th state, was admitted into the Union.

In 1848, Louis Napoleon was elected president of France.

In 1936, Britain's King Edward VIII abdicated, and King George VI ascended to the throne.

In 1937, Benito Mussolini announced that Italy would withdraw from the League of Nations.

In 1944, Nazi forces, taking a heavy pounding from the American 1st Army, retreated across the Roer River during World War II.

In 1946, John D. Rockefeller Jr. offered to donate a six-block piece of Manhattan real estate for the United Nations headquarters.

Ten years ago — There were indications the NATO allies were hesitant about U.S. terms for placing medium-range missiles and stockpiles of nuclear weapons on their soil.

Five years ago — The U.S. Minuteman intercontinental missile was declared operational.

One year ago — Moscow charged that Communist China's rulers were ignoring the welfare of human beings in their so-called cultural revolution.

A Junior Editors Quiz About RIVERS

QUESTION: Why and how does a river run?

★ ★ ★

ANSWER: Rivers generally originate from springs or melting ice and snow in higher ground. Being joined by other streams, they move on a downward slope (suggested in black at top) and usually end in the sea. It is the slope which makes the river run. Coming directly from high ground, it is the upper part, or upper course of the river which runs the fastest, since its slope is greatest. The turbulent upper river will carry rocks and pebbles along. If it is moving fast enough, it will grind its way through obstacles as our upper pictture suggests. In the lower land of the middle course, it will run more slowly, but when swollen by spring rains, will often spread over its banks, depositing silt it has brought down. It was rich soil deposited in this way which led to the development of the first civilizations of Egypt and Mesopotamia. In their lower courses, rivers may bring down so much silt that they build their level higher than the surrounding land. Then, to avoid disastrous floods, banks or levees must be built, such as is done along the southern part of the Mississippi.

★ ★ ★

Cheryl Hill of Garden City, Ga., wins a prize for this question. You can win $10 cash if your question, mailed to Junior Editors in care of The Review, is selected for a prize.

Today In History

By The Associated Press

Today is Monday, Dec. 11, the 345th day of 1967. There are 20 days left in the year.

Today's highlight in history:

On this date in 1941, four days after Japan's attack on Pearl Harbor, Germany and Italy declared war against the United States.

On this date:

In 1816, Indiana, the 19th state, was admitted into the Union.

In 1848, Louis Napoleon was elected president of France.

In 1936, Britain's King Edward VIII abdicated, and King George VI ascended to the throne.

In 1937, Benito Mussolini announced that Italy would withdraw from the League of Nations.

In 1944, Nazi forces, taking a heavy pounding from the American 1st Army, retreated across the Roer River during World War II.

In 1946, John D. Rockefeller Jr. offered to donate a six-block piece of Manhattan real estate for the United Nations headquarters.

Ten years ago — There were indications the NATO allies were hesitant about U.S. terms for placing medium-range missiles and stockpiles of nuclear weapons on their soil.

Five years ago — The U.S. Minuteman intercontinental missile was declared operational.

One year ago — Moscow charged that Communist China's rulers were ignoring the welfare of human beings in their so-called cultural revolution.

A Junior Editors Quiz About RIVERS

QUESTION: Why and how does a river run?

★ ★ ★

ANSWER: Rivers generally originate from springs or melting ice and snow in higher ground. Being joined by other streams, they move on a downward slope (suggested in black at top) and usually end in the sea. It is the slope which makes the river run. Coming directly from high ground, it is the upper part, or upper course of the river which runs the fastest, since its slope is greatest. The turbulent upper river will carry rocks and pebbles along. If it is moving fast enough, it will grind its way through obstacles as our upper pictture suggests. In the lower land of the middle course, it will run more slowly, but when swollen by spring rains, will often spread over its banks, depositing silt it has brought down. It was rich soil deposited in this way which led to the development of the first civilizations of Egypt and Mesopotamia. In their lower courses, rivers may bring down so much silt that they build their level higher than the surrounding land. Then, to avoid disastrous floods, banks or levees must be built, such as is done along the southern part of the Mississippi.
